Sommario/riassunto	This book is an edited collection by leading insurance historians, examining the historical role of reinsurance (the insurance of insurers) in the insurance markets of eight countries: USA, Netherlands, Sweden, France, Spain, Italy, Mexico and Japan. All the contributors are experts in their field and have widely published in insurance history, providing the reader with new insights into the insurance and economic history of these countries. In particular, this is the first book to explore this way

the reinsurance markets in the USA, Netherlands, France, Italy and Mexico. This book will be of interest to economic and business historians, as well as insurance practitioners with an interest in the history of their industry.
