Sommario/riassunto	Using new evidence from a three year programme of research in developing countries in Asia, Latin America and Africa, the authors describe how government organizations have been privatised, decentralised or restructured while private sector organizations - both non-profit and commercial - have taken on increasingly important roles in resource management and service supply. This book provides an important and easily accessible point of reference for decision-makers and students alike, offering unique view in its breadth of coverage across the natural resources sector and a range of differe

Sommario/riassunto

Centré sur les représentations de l'expérimentation animale depuis le xvie siècle, aussi bien dans la science que dans la littérature, ce volume aborde les débats sur la vivisection et la cause animale dans leurs dimensions éthiques, philosophiques, culturelles voire idéologiques, en tenant compte de la perspective historique, de l'évolution de la conception des rapports entre l'homme et les animaux à partir du xixe siècle.
