Livello bibliografico	Monografia
Sommario/riassunto	<p>This volume brings together a series of papers reflecting a number of lectures given at the Université catholique de Louvain (UCL) in 2010-2012 in the frame of a seminar entitled <i>La naissance des cités crétoises</i>. Eight Cretan sites (Axos, Phaistos, Prinias, Karphi, Dreros, Azoria, Praisos, and Itanos), recently excavated or re-excavated, are considered in their regional and historical context in order to explore the origin and early development of the Greek city-state on the island.</p>
