

1. Record Nr.	UNINA9910500595603321
Titolo	ACS polymers Au
Pubbl/distr/stampa	Washington, DC : , : American Chemical Society, , [2021]-
ISSN	2694-2453
Descrizione fisica	1 online resource
Disciplina	530.413
Soggetti	Polymers Soft condensed matter Periodical Periodicals.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	Refereed/Peer-reviewed
Sommario/riassunto	All areas of macromolecular and soft matter science and their applications, including polymer synthesis and modification, polymer characterization, nanotechnology, self-assembly, supramolecular chemistry, energy generation and storage, electronics, photonics, sensing, adaptive materials, membranes, renewable and sustainable materials, biomaterials and biomedical applications of polymers.
