

1. Record Nr.	UNINA9910502631303321
Autore	Jung Timothy
Titolo	XR case studies : using augmented reality and virtual reality technology in business // Timothy Jung, Jeremy Dalton
Pubbl/distr/stampa	Cham, Switzerland : , : Springer, , [2021] ©2021
ISBN	3-030-72781-5
Descrizione fisica	1 online resource (viii, 164 pages) : illustrations
Collana	Management for professionals, , 2192-810X
Disciplina	006.8
Soggetti	Augmented reality Augmented reality - Industrial applications
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Intro -- Preface -- Contents -- There´s More to Murphy -- Virtual Reality in the Construction Sector -- 1 Company Description -- 2 Project Summary -- 3 Project Details -- 3.1 Challenge -- 3.2 Solution -- 3.3 Benefits -- 4 Feedback from End Users -- 5 Future Outlook/Roadmap -- 6 Conclusion -- Orthopaedic Surgical TRaining with Virtual Reality: OySTeR-VR -- 1 Company Description -- 2 Project Summary -- 3 Project Details -- 3.1 Challenge -- 3.2 Solution -- 3.3 Benefits -- 4 Feedback from End Users -- 5 Future Outlook/Roadmap -- 6 Conclusion -- References -- Innovation Flows Through VR for Water Utility -- 1 Company Description -- 1.1 The University of Sheffield Advanced Manufacturing Research Centre -- 1.2 Yorkshire Water -- 2 Project Summary -- 3 Project Details -- 4 Feedback from End Users -- 5 Future Outlook/Roadmap -- 6 Conclusion -- References -- Making Training More Effective with Shared VR: Lanes Group Plc Improves Employee Retention and Reduces the Costs of Recruitmen... -- 1 Company Overview -- 1.1 Lanes Utilities -- 1.2 Igloo Vision -- 1.3 Myriad Global Media -- 2 Project Summary -- 3 Project Details -- 3.1 The Situation -- 3.2 The Solution -- 3.3 Details of the Igloo Shared VR System -- 3.4 Why Lanes Was Attracted by Shared VR -- 3.5 How Shared VR Was Integrated into the Training Programmes -- 3.6 Evaluating the Impact -- 4 Feedback from End Users -- 5 Future Outlook/Roadmap -- 6 Conclusion -- Heroes to

Meet in Virtual Reality -- New Media Content Remediation -- 1  
Company Description -- 2 Project Summary -- 3 Project Details -- 3.1  
Challenge -- 3.2 Solution -- 3.3 Benefits -- 4 Feedback from End  
Users -- 5 Future Outlook/Roadmap -- 6 Conclusion -- Use of  
Augmented and Virtual Reality for Enhancement of Aerospace Cabin  
and Cockpit Experience -- 1 Company Description -- 2 Project  
Summary.

2.1 Augmented and Virtual Reality in Aerospace Applications -- 2.2 MR  
Projects at the MIMS Lab -- 3 Project Details -- 3.1 Pilot Training  
Module Using Augmented Reality -- 3.2 Interactive Virtual Aircraft  
Cockpit -- 3.3 Head-Mounted Display Using 2D and 3D Views for  
Aircraft Flight Simulation -- 3.4 Augmented Reality Technology for  
Visualization of Aircraft Interior Components -- 4 Feedback from End  
Users -- 4.1 Pilot Training Module Using Augmented Reality -- 4.2  
Interactive Virtual Aircraft Cockpit -- 4.3 Head-Mounted Display Using  
2D and 3D Views for Aircraft Flight Simulation -- 4.4 Augmented  
Reality Technology for Visualization of Aircraft Interior Components --  
5 Future Outlook and Road Map -- 5.1 Pilot Training Module Using  
Augmented Reality -- 5.2 Interactive Virtual Aircraft Cockpit -- 5.3  
Head-Mounted Display Using 2D and 3D Views for Aircraft Flight  
Simulation -- 5.4 Augmented Reality Technology for Visualization of  
Aircraft Interior Components -- 6 Conclusion -- References -- AR and  
VR to Enrich Cultural Heritage and Retail Experiences: ETT Case Studies  
and Guiding Principles -- 1 Company Description -- 2 Project Summary  
-- 2.1 Augmented Reality Projects -- 2.2 Virtual Reality Projects -- 2.3  
Projects Offering Both Augmented and Virtual Reality Experiences -- 3  
Project Details -- 3.1 Augmented Reality Projects -- 3.2 Virtual Reality  
Projects -- 3.3 Projects Offering Both Augmented and Virtual Reality  
Experiences -- 4 Feedback from End Users -- 5 Future  
Outlook/Roadmap -- 6 Conclusion -- References -- Augmented  
Reality Using ViXAssist and HoloLens 2 for Automotive Service and  
Maintenance -- 1 Company Description -- 2 Project Summary -- 3  
Project Detail -- 3.1 The Requirements -- 3.2 The Technology -- 3.3  
The Challenges -- 4 Feedback from End Users -- 5 Future  
Outlook/Road Map -- 6 Conclusion -- References.

Viarama: Virtual Reality for Good -- 1 Company Description -- 1.1  
Viarama C.I.C -- 2 Project Summary -- 3 Project Details -- 3.1 VR in  
Education -- 3.2 VR in Healthcare -- 4 Feedback from End Users -- 5  
Future Outlook -- 6 Conclusion -- Use of Virtual Reality for Hazard  
Safety Training to Reduce High Risk and Significant Safety Incidents and  
Increase Training E... -- 1 Company Description -- 2 Project Summary  
-- 3 Project Details -- 4 Feedback from End Users -- 5 Future  
Outlook/Roadmap -- 6 Conclusion -- References -- Stations AR  
Simulated Digital Twin -- 1 Company Description -- 2 Project Summary  
-- 3 Project Details -- 4 Feedback from End Users -- 5 Future  
Outlook/Roadmap -- 6 Conclusion -- US Air Force Weather Training  
Platform: Use of Virtual Reality to Reduce Training and Equipment  
Maintenance Costs Whilst Impro... -- 1 Company Description -- 2  
Project Summary -- 3 Project Details -- 3.1 Getting Started: Aligning  
Hardware Specifications and Requirements -- 3.2 Developmental  
Stages and Challenges -- 3.3 Training Space Set Up -- 3.4 Virtual  
Reality User Experience -- 4 Feedback from End-Users -- 4.1 Continual  
Feedback and Responsiveness -- 4.2 Using VR as the Solution -- 4.3  
Using the Training Application -- 5 Future Outlook and Road Map -- 6  
Conclusions -- References -- A Preeminent Digital Production Studio  
Collaborates with One of America's Most Innovative Universities to  
Explore the Use of V... -- 1 About the Collaborators -- 2 Project  
Summary -- 3 Project Details -- 4 Results -- 5 Future Activities --

Reference -- Virtual Reality's Role in Improving Student Knowledge and Engagement in the Materials Testing Laboratory -- 1 Company Overview -- 1.1 SimInsights -- 1.2 Texas AandM University (TAMU) -- 1.3 Instron -- 2 Project Summary -- 3 Project Details -- 3.1 The Situation -- 3.2 The Solution -- 3.3 Details of the SimInsights VR System.

3.4 Why TAMU Was Attracted by the SimInsights VR System -- 3.5 How SimInsights VR System Was Integrated into the Curriculum -- 3.6 Evaluating the Impact -- 4 Feedback from End Users -- 5 Future Outlook/Roadmap -- 6 Conclusion -- 6.1 Success Factor #1: Content First -- 6.2 Success Factor #2: Data Driven -- 6.3 Success Factor #3: Conversational AI -- 6.4 Success Factor #4: Partnering with the Experts -- Bank of Ireland Tests Meetings in Virtual Reality -- 1 Company Description -- 2 Project Summary -- 3 Project Details -- 4 Feedback from End Users -- 5 Future Outlook/Roadmap -- 6 Conclusion -- References -- How INVISTA's Transforming Manufacturing Training with Virtual Reality -- 1 Company Description -- 2 Project Summary -- 3 Project Details -- 4 Feedback from End Users -- 5 Future Outlook and Road Map -- 6 Conclusion -- Reference -- Use of Virtual Reality to Support Rapid Upskilling of Healthcare Professionals during COVID-19 Pandemic -- 1 Company Description -- 2 Project Summary -- 3 Project Details -- 4 Feedback from End Users -- 5 Future Outlook/Roadmap -- 6 Conclusion -- References -- Cost-Effective and Eco-Friendly Fire Investigation Training Using Photorealistic Interactive Room Scale Virtual Reality -- 1 Company Overview -- 2 Project Summary -- 3 Project Details -- 3.1 The Situation -- 3.2 Multi-User Functionality -- 3.3 Evaluating the Impact -- 4 Feedback from End Users -- 5 Outlook/Roadmap -- 6 Conclusion -- Reuniting Hospitalised and Isolated People with their Beloved Ones outside the Hospital with the Help of VR Livestreaming -- 1 Company Description -- 1.1 Markets and Solutions -- 2 Project Summary -- 3 Project Details -- 3.1 Ambition -- 3.2 Challenges -- 4 VRiend Framework -- 4.1 VRiend Camera -- 4.2 VRiend App -- 4.3 VRiend Platform -- 4.4 Benefits -- 5 Feedback from End Users -- 5.1 Media Awareness -- 5.2 Nominations and Awards.

6 Future Outlook/Roadmap -- 6.1 VRiend 2.0 Roadmap: Remote Care Tool Set (in Development) -- 7 Conclusion.

---
