Social Enterprises in the Rural Areas: A Comparative Study of the Baltic States Roger Evans, Mervi Raudsaar, Lasma Liceite-Kurbe, Egle Butkeviciene, Philipp Erpf, Audrone Urmanaviciene, and Agota Giedre Raisiene -- 16. Testing the Relevance of Major Social Enterprise Models in Central and Eastern Europe Jacques Defourny, Marthe Nyssens and Olivier Brolis.

Sommario/riassunto

"In the last two decades, the quest for a widely accepted definition of social enterprise has been a central issue in a great number of publications. The main objective of the ICSEM Project (on which this book is based) was to show that the social enterprise field would benefit much more from linking conceptualisation efforts to the huge diversity of social enterprises than from an additional and ambitious attempt at providing an encompassing definition. Starting from a hypothesis that could be termed "the impossibility of a unified definition", the ICSEM research strategy relied on bottom-up approaches to capture the social enterprise phenomenon in its local and national contexts. This strategy made it possible to take into account and give legitimacy to locally embedded approaches, while simultaneously allowing for the identification of major social enterprise models to delineate the field on common grounds at the international level. Social Enterprise in Central and Eastern Europe - the last volume in a series of four ICSEM-based books on social enterprise worldwide - will serve as a key reference and resource for teachers, researchers, students, experts, policy makers, journalists and others who want to acquire a broad understanding of the social enterprise and social entrepreneurship phenomena as they emerge and develop in this region"--

2. Record Nr.	UNISALENT0991000929439707536
Autore	Dirac, Paul Adrien Maurice
Titolo	General theory of relativity / P. A. M. Dirac
Pubbl/distr/stampa	New York : 1975
ISBN	0471215759
Descrizione fisica	viii, 69 p. ; 23 cm.
Classificazione	AMS 83-XX
Disciplina	530.11
Soggetti	General relativity Relativity theory
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"A Wiley-Interscience publication." Based on a course of lectures given at Florida State University, Physics Dept. Includes index.
