

1. Record Nr.	UNINA9910459212403321
Titolo	Living with brain injury : a guide for families and caregivers // edited by Sonia Acorn and Penny Offer
Pubbl/distr/stampa	Toronto, [Ontario] ; ; Buffalo, [New York] ; ; London, [England] : , : University of Toronto Press, , 1998 ©1998
ISBN	1-4426-5510-0 1-4426-5968-8
Descrizione fisica	1 online resource (191 p.)
Collana	Heritage
Disciplina	362.1968
Soggetti	Brain damage Brain damage - Patients - Family relationships Brain damage - Patients - Care Caregivers Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Frontmatter -- Contents -- 1. Introduction / Offer, Penny -- 2. What Is a Brain Injury? / Higenbottam, John -- 3. A Survivor's View / Ottewell, Charles G. -- 4. After the Brain Injury - The Rehabilitation Team / Higenbottam, John -- 5. The Hospital - and After / Brown, Rick -- 6. Case Management / Simpson, John -- 7. Long-term Adjustment Following Significant Brain Injury / Pepping, Mary -- 8. 'Rime7 of the Survivor / Blanche, David -- 9. Psychosocial Effects of Brain Injury / Seaton, J. David -- 10. Children and Adolescents with Brain Injury / Unger, Marilyn -- 11. Couple Issues After Brain Injury / Hirschi, Patrick / Berwald, Claudia / Brown, Rick -- 12. Brain Injury and the Family System / David, Carroll O. -- 13. Legal Issues Following Brain Injury / Webster, R. Brian -- 14. Leisure and Recreation / Sulzberger, Anne / Killingsworth, Charles -- 15. The Family as Caregiver / Acorn, Sonia -- 16. A Second Look / Ottewell, Charles G. -- Appendix A. Resources and Assistance -- Appendix B. Glossary -- Appendix C. Suggestions for Further Reading -- Contributors

Sommario/riassunto

An injury to the brain can affect every aspect of a person's daily life, including physical abilities and psychological make-up, relationships and family roles, school and employment, recreation and leisure. At the hospital, you may hear a lot about brain injury but not realize the importance of what you've learned until you have to deal with the injured person at home. In this handy reference book, health-care and legal experts from Canada and the United States guide you through the process of rehabilitation and help you learn how to live with brain injury. The advice of these professionals is complemented by the stories of two people who have survived injuries and are adjusting to their new lives.

2. Record Nr.	UNINA9910502993403321
Titolo	Comprehensive Diagnostic Approach to Bladder Cancer : Molecular Imaging and Biomarkers // edited by Marc A. Bjurlin, Richard S. Matulewicz
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2021
ISBN	3-030-82048-3
Edizione	[1st ed. 2021.]
Descrizione fisica	1 online resource (232 pages)
Collana	Medicine Series
Disciplina	616.99462
Soggetti	Internal medicine Internal Medicine Càncer de bufeta Diagnòstic per la imatge Llibres electrònics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	1. Epidemiology of Bladder Cancer: Trends and Disparities -- 2. Environmental and genetic factors contributing to bladder carcinogenesis -- 3. Strategies for Bladder Cancer Screening -- 4. Staging of Bladder Cancer -- 5. Conventional and Investigational Imaging Modalities -- 6. Evaluation of Hematuria -- 7. Molecular

Imaging Modalities: Applications of Current and Novel Radiotracers -- 8. Optical Techniques for Bladder Cancer Detection: The Role of Cystoscopy and Enhanced Cystoscopy -- 9. Urine Cytology in the Clinical Management of Bladder Cancer -- 10. Urinary Biomarkers: Current Status and Future Opportunities -- 11. Bladder Cancer Genomics: Indications for sequencing and diagnostic implications -- 12. Novel and Investigational Diagnostics: Liquid Biopsy and Beyond.-.

Sommario/riassunto

This succinct yet comprehensive book describes current and emerging concepts in risk stratification, detection, and staging of bladder cancer. Divided into two distinct sections, the first section focuses on contemporary and novel imaging modalities in bladder cancer staging. The second section illuminates advanced optical techniques and tumor markers for bladder cancer detection. The volume also addresses such topics as novel immuno-positron emission tomography radiotracers, imaging modalities for monitoring of tumor response, and non-invasive urine biomarkers such as current and emerging molecular markers for bladder cancer screening, early diagnosis, and surveillance. Comprehensive Diagnostic Approach to Bladder Cancer: Molecular Imaging and Biomarkers is written by experts in the field and provides a valuable resource for urologists, oncologists, urologic oncologists, radiation oncologists, allied health professionals, residents, and fellows who treat and manage bladder cancer.
