

1. Record Nr.	UNINA9910502995503321
Titolo	Behavior analysis and substance dependence : theory, research and intervention / / edited by Simone Martin Oliani, Richard Alecsander Reichert, Roberto Alves Banaco
Pubbl/distr/stampa	Cham, Switzerland : , : Springer, , [2021] ©2021
ISBN	3-030-75961-X
Descrizione fisica	1 online resource (289 pages)
Disciplina	616.86
Soggetti	Clinical psychology Anàlisi de conducta Abús de substàncies Teràpia de la conducta Llibres electrònics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Intro -- Foreword -- Preface -- References -- Contents -- About the Contributors -- Part I: Introductory Aspects and Main Concepts -- Chapter 1: Drug Abuse: Classifications, Effects and Risks -- Introduction -- Epidemiological Data -- Consumption Patterns and Risk Factors -- Alcohol -- Tobacco -- Marijuana -- Solvents and Inhalants -- Amphetamines -- Cocaine and Crack -- Ecstasy -- LSD -- Final Considerations -- References -- Chapter 2: Behavioral Analysis of Substance Use and Dependence: Theoretical-Conceptual Aspects and Possibilities for Intervention -- Introduction -- The Approach Proposed by Behavior Analysis -- References -- Chapter 3: Criteria for Substance Use Disorders Diagnosis (SUD): An Behavioral-Analytic Perspective -- Introduction -- Disorders Related to Substance Use -- Final Considerations -- References -- Chapter 4: Basic Concepts of Behavioral Pharmacology -- Introduction -- Basic Concepts of Pharmacology -- Neurotransmission -- Some Methods of Behavioral Pharmacology -- Understanding the Relationship Between Drugs and Behavior -- Behavioral Pharmacology of Some Addiction-Related

Drugs -- Ethanol -- Tobacco -- Cocaine -- Final Considerations --  
References -- Chapter 5: Functional Analysis of Substance Use  
and Dependence -- Introduction -- Functional Analysis of Behavior  
and Formulation of Clinical Cases -- Example of Cases -- History  
and Development Data -- The Developmental Variables Composing  
a Case Study -- Final Considerations -- References -- Chapter 6:  
Establishing and Abolishing Contingencies of Crack Use: User  
Descriptions of a CAPSad -- Introduction -- Methodology -- Results  
and Discussion -- Final Considerations -- References -- Part II: Clinical  
and Social Interventions -- Chapter 7: Contingency Management  
for the Treatment of Substance Use Disorders.  
Introduction: Substance Use from an Operant Behavioral Perspective --  
Theoretical and Experimental Basis for the Self-Administration  
of Substances -- Contingency Management (CM) -- Effectiveness  
of Contingency Management in the Treatment of Substance Use  
Disorders -- Contingency Management for Crack Use Disorder in Brazil  
-- Clinical Case -- Final Considerations -- References -- Chapter 8:  
Cue Exposure Therapy for Substance Use: A Complement to Functional  
Analysis -- Introduction -- Theoretical Model of Cue Exposure Therapy  
-- Classical Conditioning on the Substance Effect -- Conditioned  
Compensatory Response and Its Role in Tolerance, Relapse,  
and Overdose -- Clinical Implications of Cue Exposure -- Kinds of Cue  
Exposure -- Topographies -- Methodological Issues of CET  
and Effectiveness Data -- Final Considerations -- References --  
Chapter 9: Functional Analytic Psychotherapy (FAP) as an Adjunct  
Treatment to Substance Dependence Cases -- Introduction: Functional  
Analytic Psychotherapy (FAP) -- Substance Dependence -- The  
Application of FAP to Substance Dependence -- Final Considerations --  
References -- Chapter 10: Dialectical Behavioral Therapy (DBT)  
for Substance Use Associated with Borderline Personality Disorder --  
Introduction -- History and Philosophical Framework of DBT -- The  
Biosocial Model: Central DBT Theoretical Postulate -- The BIO  
in Biosocial -- The SOCIAL in Biosocial: The Invalidating Environment --  
The Interaction Between BIO and SOCIAL -- Structure of DBT-SUD --  
Intervention Strategies: Acceptance, Change, and Dialectics -- DBT-  
SUD-Specific Strategies -- Dialectical Abstinence -- Clear Mind --  
Community Reinforcement -- Burning Bridges and Building New Ones  
-- Alternative Rebellion and Adaptive Denial -- Patient Consultancy Vs.  
Environmental Intervention -- A Brief Clinical Example -- Final  
Considerations -- References.  
Chapter 11: Contributions of Acceptance and Commitment Therapy  
(ACT) with an Emphasis on Values and Committed Actions  
in the Treatment of Substance Dependence -- Introduction --  
Principles of Behavior Analysis in Explaining ACT -- ACT Processes --  
ACT Practical Applications with Committed Actions -- Action Scanner  
-- Likegram -- Final Considerations -- Appendices -- Appendix 1 -  
Action Scanner -- Appendix 2 - ACT Likegram -- Appendix 3 - ACT  
Likegram -- Appendix 3 - ACT Likegram - Part 2 -- References --  
Chapter 12: Therapy by Contingencies of Reinforcement (TCR)  
and Substance Dependence: A Clinical Case Presentation --  
Introduction -- Psychotherapeutic Model of Therapy by Contingencies  
of Reinforcement (TCR) -- Substance Dependence -- Clinical Case --  
Client Identification -- Complaint -- Behavioral Characterization  
of the Client's Difficulties -- Desired Behavior -- History  
of Contingencies of Reinforcement (HCR) and Behavioral  
Conceptualization -- Goals -- Procedures -- Results -- Final  
Considerations -- References -- Chapter 13: Motivational Interviewing  
Under a Behavior Analysis Perspective -- Introduction -- Motivational

Interviewing: Its Origins -- Motivational Interviewing: Definition and Strategies -- Motivational Interviewing: Mechanisms of Change -- Motivational Interviewing and Behavior Analysis: An Approach According to Christopher and Dougher (2009) -- Final Considerations -- References -- Part III: Special Topics -- Chapter 14: Interfaces Between Neurosciences and Behavior Analysis on the Use of Psychoactive Substances -- Introduction -- Behavior Analysis -- Psychoactive Substance and Behavior -- Neurosciences -- Some Units of Analysis in Brain Sciences -- Cells -- Neural Communication -- Neurotransmitters -- Anatomophysiology -- Reward System -- Psychoactive Drugs -- A Possible Interface -- Final Considerations -- References.

Chapter 15: Behavioral Functions of Drug Use in Marital Narratives: From Progression to Treatment of Substance Dependence -- Introduction -- Narrative Analysis in Substance Dependence: A Brief Review -- Methodology -- Data Analysis Procedures -- Analysis of the Elements Indexed in the Couples' Narratives -- Analysis of the Functional Elements of the Contingencies of the Progression of the PAS Use Pattern -- Clinical Cases -- Description and Behavioral Analysis in Narrative Sequences: From Progression to the Treatment of Substance Dependence -- Initial Situation: The Beginning of the Love Relationship -- Disturbance: Relationship Between Critical Points of the PAS Use and the Romantic Relationship -- Transformation -- Resolution -- Final Situation -- Discussion -- Final Considerations -- References -- Chapter 16: Drugs Use in Romantic Relationship and Violence Against Women -- Introduction -- Drug Use in Romantic Relationships and Violence Against Women -- Clinical Case Report -- Final Considerations -- References -- Chapter 17: Challenges of Clinical Behavior Analysis in Legal Substance Use: Alcohol and Tobacco -- Introduction -- Public Opinion - Social Acceptance -- Response Effort in Obtaining and Consuming -- Multiple Pairing and Functions -- Examples of Clinical Behavior Analysis Interventions -- Final Considerations -- References -- Index.
