1.	Record Nr.	UNINA9910510425903321
	Autore	Winkler Stefan
	Titolo	Proceedings of the 1st Workshop on Synthetic Multimedia - Audiovisual Deepfake Generation and Detection / / Stefan Winkler
	Pubbl/distr/stampa	New York, New York : , : Association for Computing Machinery, , 2021
	Descrizione fisica	1 online resource (39 pages) : illustrations
	Disciplina	006.7
	Soggetti	Multimedia systems
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Sommario/riassunto	It is our great pleasure to welcome you to the 1st Workshop on Synthetic Multimedia - Audiovisual Deepfake Generation and Detection (ADGD 2021). The purpose of the workshop is to provide a platform for researchers and engineers to share their ideas and approaches on fake media generation and detection.
