Sommario/riassunto	<p>It is my pleasure to welcome you to the 30th edition of the International Conference on Compiler Construction (CC), co-located with CGO, PPoPP, and HPCA. Due to the worldwide COVID-19 pandemic we were unable to hold a physical conference as originally planned in Seoul, Korea and have instead organized a virtual event. Thanks to the dedicated efforts of the Program Committee chaired by Delphine Demange and Rajiv Gupta, CC attendees have the opportunity to participate in online sessions covering the latest developments in compiler construction. In addition, CC attendees are welcome to join any online session from CGO, PPoPP, and HPCA complimentary.</p>
