

1. Record Nr.	UNINA9910510539803321
Titolo	The handbook of mummy studies : new frontiers in scientific and cultural perspectives / / edited by Dong Hoon Shin, Raffaella Bianucci
Pubbl/distr/stampa	Singapore : , : Springer Nature Singapore : , : Imprint : Springer, , 2021
ISBN	981-15-3354-7
Edizione	[1st ed. 2021.]
Descrizione fisica	1 online resource (1178 pages)
Disciplina	393.3
Soggetti	Mummies
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Part 1: Mummy Studies in General -- Part 2: Techniques and Current Trends in Mummy Studies -- Part 3: Mummies of the World -- Part 4: Museology of Mummies.
Sommario/riassunto	Owing to their unique state of preservation, mummies provide us with significant historical and scientific knowledge of humankind's past. This handbook, written by prominent international experts in mummy studies, offers readers a comprehensive guide to new understandings of the field's most recent trends and developments. It provides invaluable information on the health states and pathologies of historic populations and civilizations, as well as their socio-cultural and religious characteristics. Addressing the developments in mummy studies that have taken place over the past two decades – which have been neglected for as long a time – the authors excavate the groundbreaking research that has transformed scientific and cultural knowledge of our ancient predecessors. The handbook investigates the many new biotechnological tools that are routinely applied in mummy studies, ranging from morphological inspection and endoscopy to minimally invasive radiological techniques that are used to assess states of preservation. It also looks at the paleoparasitological and pathological approaches that have been employed to reconstruct the lifestyles and pathologic conditions of ancient populations, and considers the techniques that have been applied to enhance biomedical knowledge, such as craniofacial reconstruction, chemical analysis, stable isotope analysis and ancient DNA analysis. This interdisciplinary

handbook will appeal to academics in historical, anthropological, archaeological and biological sciences, and will serve as an indispensable companion to researchers and students interested in worldwide mummy studies. .

2. Record Nr.	UNICAMPANIAVAN00006893
Autore	Solow, Robert M.
Titolo	Il mercato del lavoro come istituzione sociale / Robert M. Solow
Pubbl/distr/stampa	Bologna, : Il mulino, [1994]
ISBN	88-15-04212-1
Descrizione fisica	90 p. ; 21 cm
Disciplina	331.1201
Soggetti	Lavoro - Domanda e offerta - Teorie
Lingua di pubblicazione	Italiano
Formato	Materiale a stampa
Livello bibliografico	Monografia
