Safety training and learning resources -- Appendix 2. Crisis support organisations and resources for journalists and their families -- Appendix 3. Selected providers of insurance and consultancy.
Sommario/riassunto	This book explores the complex organisational issues surrounding the capture or kidnapping of journalists in areas of conflict and risk. It explores how journalists 'becoming news' is covered and the implications of that coverage, how news organisations prepare for and respond to such events, and how kidnapping and ransom insurers, victim recovery firms, journalists' families, and governments influence the actions of news enterprises.
