Nota di contenuto	Enforced silences / Simon Fowler -- Inappropriate expectations / Simon Fowler -- The digital / David Thomas -- Dealing with the silence / Valerie Johnson -- Imagining archives / David Thomas -- Solutions to the silence / Valerie Johnson -- Are things getting better or worse? / David Thomas.
Sommario/riassunto	This new book will provide a ground breaking discussion of a major but little considered issue - the silence of the archive: why archives, sometimes seen as the repositories of truth, often fail to satisfy users because they do not contain information which they expect to find. Silences range from details of individuals' lives to records of state oppression or of intelligence operations. The book brings together ideas from a wide range of fields, from contemporary history through family history research to Shakespearian studies. It describes why there are these silences, what the impact of them is, how researchers have responded to them and what the silence of the archive means for researchers in the digital age.
