

1. Record Nr.	UNINA9910511619803321
Autore	Saidi Nasser Amin Hassan
Titolo	Essays on rational expectations and flexible exchange rates // Nasser Amin Hassan Saidi
Pubbl/distr/stampa	London : , : Routledge, , 2017
ISBN	1-138-63149-3 1-315-20883-0
Descrizione fisica	1 online resource (iv, 209 pages)
Collana	Routledge Library Editions: Exchange Rate Economics
Disciplina	332.4560724
Soggetti	Foreign exchange rates - Mathematical models Business cycles - Mathematical models Rational expectations (Economic theory)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	First published in 1982 by Garland Publishing, Inc.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	chapter I INTRODUCTION AND OVERVIEW -- chapter II FLUCTUATING EXCHANGE RATES AND THE INTERNATIONAL TRANSMISSION OF ECONOMIC DISTURBANCES -- chapter III -- chapter IV CYCLICAL VARIATIONS OF THE EXCHANGE RATE AND THE TERMS OF TRADE -- chapter V RATIONAL EXPECTATIONS, PURCHASING POWER PARITY AND THE BUSINESS CYCLE.
Sommario/riassunto	"Originally published in 1982. This book deals with exchange-rate determination and the implications of floating rate regimes for the time paths of prices and Quantities. It develops a class of stochastic equilibrium models of the open economy operating under flexible exchange rates, assuming that agents are endowed with rational expectations but do not possess full current information as to the state of the world. Chapters look at a model's response to economic disturbances, the effect on non-traded goods, and cyclical variations of the terms of trade. The final chapter considers a model to investigate purchasing parity issues."--Provided by publisher.
