Political challenges and social changes, 1900-1939 -- Wartime power and personalities -- Isolation, 1939-1941 -- Towards the turning point, July 1941-July 1943 -- Eastern approaches and western reproaches: Finland's continuation war and the collapse of Germany, June 1941-May 1945 -- Trading with Germany and the Allies: blackmail and brinkmanship -- Security, subversion, spies and sabotage -- The battle for Sweden's mind: propaganda and censorship -- Race, rejection, reception, rescue and redemption: Swedish humanitarian endeavors -- Military matters -- The front at home--Beredskapstiden -- Looking back in anger? The assault on 'small-state realism'.
Sommario/riassunto	This book fills a gap in the existing literature on the Second World War by covering the range of challenges, threats, issues, dilemmas, and changes faced and dealt with by Sweden during the conflict. Interest in Sweden's wartime experiences has increased due to its post-war profile as a neutral that both allowed German troops to transit through its territory and also carried on trading with the Nazi regime during the holocaust years. Many misconceptions and false impressions have

arisen and persisted as a result of deliberate misinformation and concealment by all sides during that time. Readers of this book will gain a fresh, broad view of the period, personalities and problems from a Swedish orientation.

Sommario/riassunto

This book collects twelve papers which make original contributions to the historical interpretation of inscribed Athenian laws and decrees, with a core focus on significant historical shapes and patterns implicit in the corpus of the age of Demosthenes. Following a synthetic Introduction, two chapters analyse locations and selectivity of inscribing, four explore the implications of the inscriptions for Athenian policy and for developing attitudes to the past, three for aspects of Athenian democracy. The volume concludes with two studies of specific inscriptions. Some of the papers have appeared elsewhere in conference proceedings and *Festschriften*, some are published here for the first time. The volume complements the author's previous collection, *Inscribed Athenian Laws and Decrees 352/1-322/1 BC: Epigraphical Essays*.
