Collana	Studies in digital history and hermeneutics
Disciplina	907.2
Soggetti	History - Statistical methods History - Methodology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Will historians become programmers? How do historians collaborate with experts from computational domains? At the centre of the book is the question how historians are affected by such ongoing interactions. By following historians and studying digital history collaborations, Kemman critically discusses how digital history will impact historical scholarship.
