Sommario/riassunto

This volume covers the transition period stretching from the reign of Justinian I to the end of the 8th century, focusing on the experience of individuals who lived through the last decades of Byzantine rule in Egypt before the arrival of the new Arab rulers. The contributions drawing from the wealth of sources we have for Egypt, explore phenomena of stability and disruption during the transition from the classical to the postclassical world.--publisher's website.

Millennium überschreitet Grenzen, Grenzen zwischen den Epochen und regionalen Räumen wie auch Grenzen zwischen den Disziplinen. Die Schriftenreihe Millennium-Studien ist, genauso wie das Jahrbuch, international, interdisziplinär und epochenübergreifend ausgerichtet. Das Herausbergergremium und der Beirat repräsentieren ein breites Facherspektrum: Kunst- und literaturwissenschaftliche Beiträge kommen ebenso zu ihrem Recht wie historische, theologische und philosophische, und die Millennium-Studien bieten gleichermaßen Raum für Arbeiten zu den lateinischen und griechischen wie zu den orientalischen Kulturen. In die Studien finden einschlägige Monographien und Sammelwerke aus dem gesamten Themenspektrum Aufnahme, zudem Kommentare und Editionen. Publikationssprachen sind vornehmlich Deutsch und Englisch; die Aufnahme französischer, italienischer und spanischer Arbeiten ist möglich.
