	Sommario/riassunto	At the turn of the millennium, Mexico seemed to have finally found its path to political and economic modernization; a state which had been deeply embedded in society was being pulled out, with new political

leaders allowing market forces to play a greater role in guiding the nation's economic development, and allowing old patron-client networks to crumble. At the same time, many hoped that political and legal reforms would increase the state's capacity to provide prosperity, security, and equity for its citizens. In the midst of this historic transformation, however, Mexico was confronted
