Sommario/riassunto	This book meticulously focuses on seeing technological solutions of overtourism on decimated destinations from a comprehensive viewpoint. Considering the present crisis situation, the global tourism industry is in need to formulate revised strategies to recover and to be more resilient. The book creates a platform to deliberate the measures needed to be taken to tackle the issue of this most recent crisis of COVID-19 on the lens of overtourism and technology application. The book adds some unique suggestions to direct a new outlook towards overtourism, technology solutions and decimated destinations. This book discusses the responsibilities of tourists towards decimated destinations as well as provides in-deep knowledge and debates about technological solutions to overtourism in decimated destinations.
