Sommario/riassunto

<DIV><DIV>This anthology gives an overview and an in-depth description of Europe in historical terms, providing explanation for the current period of dramatic development and integration process that has led to the increased strength of the European Union. It also explores the simultaneous trend towards disintegration, with an increased number of nationalist strivings of the traditional kind, attempting to foresee the future structures by understanding the underlying processes through an analysis of the historical background. </DIV></DIV>
