Cultural Culprits; Police Apprehensions of Pickpockets in Copenhagen; List of Abbreviations; About the Authors
Sommario/riassunto	The seemingly perennial Eurozone crisis has been front-page news for

several years now, but some aspects do not make the media coverage. In Crisis and Migration attention is geared away from the crisis as a protracted but acute phenomenon that will eventually come to pass. Instead, the contributors pose the possibility that the crisis may be a symptom of a long-term, chronic decline of the European Union in relation to other parts of the world. The authors analyze the current economic situation and its effects and implications on migration and migration policy. Alongside the more senior author
