College Party Hook Ups: Consent, Apps, and Double Standards -- 30. #MeToo and the Ethics of Doxing Sexual Transgressors -- 31. Naughty Fantasies (With a New Postscript Including Sex Robots).

---

#### Sommario/riassunto

The Palgrave Handbook of Sexual Ethics is a comprehensive collection of recent research on the ethics of sexual behavior, representing a wide range of perspectives. It addresses a number of traditional subjects in the area, including questions about pre-marital, extra-marital, non-heterosexual, and non-procreative sex, and about the nature and significance of sexual consent, sexual desire, and sexual activity, as well as a variety of more recent topics, including sexual racism, sexual ableism, sex robots, and the #metoo response to sexual harassment. Each chapter defends a substantive thesis about the topic it addresses and the handbook as a whole thereby provides a strong foundation for future research in this important and growing field of inquiry. David Boonin is Professor of Philosophy at the University of Colorado Boulder. He received his B.A. from Yale University and his Ph.D. from the University of Pittsburgh. He is the author of seven books on topics including abortion, punishment, race, and our obligations to past and future generations. .
