Sommario/riassunto	"IMCC Journal of Science is the official peer-reviewed journal of Iligan Medical Center College, Iligan City, Lanao del Norte, Philippines. It aims to present and publish research in pure and applied sciences, engineering and technology, history, social science, business, management, education, information technology, and public management areas delivered by researchers, educators, practitioners, and students. This includes original articles, review articles, short

reports or letters, case studies, methodologies, and perspectives of multidisciplinary teams (combining or involving several academic disciplines or professional specializations). The journal covers a wide range of areas and welcomes submissions from researchers, educators, practitioners, and students at all levels and from all over the world. Good research is not bounded by person, place or time and the journal aims to reflect this. IMCC Journal of Science is published as an open-access journal to allow this wide range of relevant research to be immediately available to readers who can access and use it immediately upon publication."--taken from publisher website viewed March 30, 2023.
