

1. Record Nr.	UNINA9910551833903321
Titolo	Environmental restoration : proceedings of F-EIR Conference 2021 // edited by Deepankar Kumar Ashish, Jorge de Brito
Pubbl/distr/stampa	Cham, Switzerland : , : Springer, , [2022] ©2022
ISBN	3-030-96202-4
Descrizione fisica	1 online resource (302 pages)
Collana	Lecture Notes in Civil Engineering ; ; v.232
Disciplina	628
Soggetti	Environmental engineering
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Intro -- Preface -- Organization -- Proceedings Chairs -- Conference Chair -- Program Committee -- Advisory Committee -- Scientific Committee -- Contents -- 1 Review on Bacteria Based Cementitious Matrix for Sustainable Building Construction -- Abstract -- 1 Introduction -- 2 Types of Bacteria Used in Cementitious Based Materials -- 3 Methods of Incorporation of Microbe in Cementitious Matrix -- 4 Bacterial Cell Concentrations -- 5 Growth Medium for Bacteria -- 6 Bacterial Phenomenon and Bio-Chemical Mechanism -- 7 Impact of Microbes on Properties of Cementitious Matrix -- 7.1 Compressive and Tensile Strength -- 7.2 Permeability, Water Absorption and Crack Healing -- 8 Needs and Future Scopes -- 9 Conclusions -- References -- 2 Physical and Mechanical Properties of Concrete Made with Glass Sand -- Abstract -- 1 Introduction -- 2 Environmental Problem and the Glass Waste -- 2.1 Environmental Impact -- 2.2 Glass Waste -- 2.3 Pozzolanic Reactions -- 2.4 Alkali-Silica Reactions -- 3 Experimental Program -- 3.1 Aggregates -- 3.2 Concrete -- 3.3 Mix Compositions -- 4 Results and Discussion -- 4.1 Slump and Compressive Strength -- 4.2 Water Absorption -- 5 Conclusions -- Acknowledgements -- References -- 3 Utilization of Waste Granite Powder in Cementitious Composites: Perspectives and Challenges in Poland -- Abstract -- 1 Introduction -- 2 Influence of the Use of Granite Powder in Cementitious Composites -- 2.1 Physical Properties of Granite Powder -- 2.2 Chemical Properties of Granite

Powder -- 2.3 Mechanical Properties of Cementitious Compounds  
Containing Granite Powder -- 2.4 Chemical Properties of Cementitious  
Compounds Containing Granite Powder -- 3 Conclusions -- Funding  
-- References -- 4 Comparative Study on Fly Ash Based AAM Concrete  
with GGBS, Rice Husk Ash and Sugarcane Bagasse Ash -- Abstract -- 1  
Introduction -- 1.1 General.  
1.2 Geopolymer -- 1.3 Geopolymer Products and Advantages -- 1.4  
Coexistence of Geopolymers and Other Alkali Activated Materials -- 1.5  
Mechanism Involved -- 1.6 Alkali Activation -- 1.7 Use of Additional  
Silicate in the Alkaline Solution -- 1.8 Significance and Objective of the  
Present Study -- 2 Literature Review -- 2.1 Fly Ash -- 2.2 Selection of  
Alkali Activator -- 2.3 Molarity of Sodium Hydroxide Solution -- 2.4  
Sodium Silicate to Sodium Hydroxide Mass Ratio -- 2.5 Geopolymer  
Liquid to Binder Ratio -- 2.6 Curing Conditions -- 2.7 Replacement of  
FA with GGBS -- 2.8 Replacement of FA with RHA -- 2.9 Replacement  
of FA with SCBA -- 3 Materials Adopted and Methodology -- 3.1  
Materials Used in the Current Study -- 3.2 Methodology -- 3.3 Mix  
Design Details -- 3.4 Mix Proportion Details -- 4 Experimental Study  
-- 4.1 Preparation of Specimens -- 4.2 Test Procedures -- 5 Results  
and Discussion -- 5.1 Mechanical and Durability Properties -- 5.2  
Water Absorption -- 6 Conclusion -- 6.1 Further Scope for Study --  
References -- 5 Self-consolidating Concrete Produced with Fine CDW  
-- Abstract -- 1 Introduction -- 2 Materials and Methods -- 2.1 Fresh  
State Tests -- 2.2 Hardened State Test -- 3 Results and Discussion --  
3.1 Tests in the Fresh State -- 3.2 Hardened State Test -- 4  
Conclusions -- Acknowledgements -- References -- 6 Fine Aggregates  
of CDW: Feasibility of Its Application in the Manufacture of Mortars for  
Laying -- Abstract -- 1 Introduction -- 2 Materials and Methods -- 2.1  
CDW Aggregates -- 2.2 Mortar Production -- 2.3 Mortar Tests -- 3  
Results and Discussion -- 4 Conclusions -- Acknowledgements --  
References -- 7 Evaluation of Barrier for Promoting Green Building  
Technologies in Coimbatore as Smart City -- Abstract -- 1 Introduction  
-- 2 Need of Investigation -- 3 Research Methods -- 4 Results and  
Discussions.  
4.1 Resource Conservation Through Green Rating Systems -- 4.2  
Challenges and Barriers -- 5 Conclusions -- References -- 8 Cement  
After Expiry Date: Effect in the Concrete Properties -- Abstract -- 1  
Introduction -- 2 Materials and Methods -- 3 Results and Discussion  
-- 3.1 Analysis of the Properties of Fresh Concrete -- 3.2 Analysis of  
the Concrete Compressive Strength -- 4 Conclusions --  
Acknowledgements -- References -- 9 Problems and Prospects of  
Heritage Based City Development in India -- Abstract -- 1 Introduction  
-- 2 Recent Missions and Schmes Floated by Government of India -- 3  
Methodology -- 4 Problems Faced by Core Areas of Indian Cities -- 5  
Factors Affecting the Urban Development in the Core Areas of Indian  
Cities -- 6 Role of Heritage-Based City Development -- 7 Need for  
Heritage Based City Development -- 8 Recommendations -- 8.1 Vision  
of Urban Planner for a Core Areas of Indian Cities Having Heritage  
Importance -- 8.2 Interventions Important at the Governance Level -- 9  
Conclusion -- References -- 10 An Overview of Technique Used in  
Traffic Monitoring System -- Abstract -- 1 Introduction -- 2 Literature  
Review -- 3 Methodologies: (Proposed Prototype of TMS) -- 3.1  
Sensors -- 3.2 Global Positioning System (GPS) -- 3.3 Radio Frequency  
Identification (RFID) -- 3.4 Smart Traffic Lights -- 4 Conclusions --  
References -- 11 An Overview of Highway Failure and Its Maintenance  
on Old NH-2 -- Abstract -- 1 Introduction -- 2 Study Area -- 3  
Methodology -- 4 Analysis and Findings -- 5 Conclusions --  
References -- 12 Effects of Soil Type on Contaminant Transport in the

Aquifer System: A Numerical Investigation Using 2D Mobile-Immobile Model -- Abstract -- 1 Introduction -- 2 Governing Equations and Mathematical Model -- 2.1 Initial and Boundary Conditions -- 3 Results and Discussions.

3.1 Influence of Soil-Type on Concentration Profiles and Breakthrough Curves at Environmentally Sensitive Locations -- 3.2 Spatial Distribution of Temporal Moments -- 4 Conclusion -- References --

13 A Novel Plan for Gujarat to Mitigate the Effect of Flood, Drought and Salinity Using Interlinking of Canal and Rivers -- Abstract -- 1 Introduction -- 2 Study Area -- 3 Methodology -- 3.1 Effect of Salinity in Coastal Region of Gujarat state -- 4 Results and Discussions -- 5 Conclusion -- Acknowledgements -- References --

14 Ground Water Potential Zone Mapping Using Remote Sensing and GIS in Saurashtra Region of Gujarat, India -- Abstract -- 1 Introduction -- 2 Study Area -- 3 Methodology -- 4 Results and Discussions -- 5 Conclusion -- Acknowledgements -- References --

15 Analysis of Spatial and Temporal Variability of Rainfall Using GIS in Rasipuram Taluk, Tamil Nadu, India -- Abstract -- 1 Introduction -- 2 Study Area -- 3 Methodology -- 4 Results and Discussion -- 4.1 Monthly Variation of Rainfall -- 4.2 Seasonal Variation of Rainfall -- 4.3 Annual Variation of Rainfall -- 4.4 Spatial Distribution of Rainfall -- 5 Conclusion -- References --

16 Land Degradation in the Western Ghats: The Case of the Kavalappara Landslide in Kerala, India -- Abstract -- 1 Introduction -- 2 Study Area -- 3 Causes and Trigger of the 2019 Kavalappara Landslide -- 3.1 Alteration of Natural Drainage -- 3.2 Excavation of the Slope -- 3.3 Rainfall and Flooding -- 4 The August 2019 Kavalappara Landslide -- 5 Remedial Measures -- 6 Discussion -- 7 Conclusion -- Acknowledgements -- References --

17 Study of Sustainability Aspects of Chambal River Linking System Using Reservoir Simulation Techniques -- Abstract -- 1 Introduction -- 2 Literature Surveys -- 3 Methodology and Approach -- 3.1 Model Parameter Estimation -- 3.2 Monthly Demand Pattern -- 4 Flow Diagram.

5 Analysis and Results -- 6 Concluding Remarks and References -- References --

18 Assessment of Environmental Flow Requirements Through Rainfall-Runoff Modelling for Hydropower Project -- Abstract -- 1 Introduction -- 2 Study Area -- 3 Materials and Methods -- 3.1 NAM Model -- 3.2 Rainfall-Runoff Modeling -- 3.3 Environmental Flow Assessment -- 4 Results and Discussions -- 5 Conclusion -- Acknowledgements -- References --

19 Assessment and Suitability Analysis of Water Quality of River Ganga in Patna, Bihar -- Abstract -- 1 Introduction -- 1.1 Study Area -- 2 Methodology -- 2.1 Calculation of Water Quality Index -- 2.2 Oregon Water Quality Index (OWQI) Method -- 3 Results and Discussions -- 4 Conclusions -- References --

20 Filling the Health Gap in Energy Performance Certificates to Reduce Pulmonary Diseases Due to Bad Indoor Air Quality -- Abstract -- 1 Introduction -- 1.1 VOCs -- 1.2 PM2.5 -- 1.3 Ventilation -- 2 Methodology and Results -- 2.1 VOCs -- 2.2 PM2.5 -- 2.3 Ventilation -- 3 Conclusions -- Acknowledgements -- References --

21 Impact of Covid-19 Pandemic Lockdown on the Managerial Aspects of Brick Manufacturing Unit-A Case Study on Post and Present Scenario -- Abstract -- 1 Introduction -- 2 Study Methods -- 3 Category of Labours -- 4 Employment and Wage Category -- 5 Production and Demand Scenario -- 6 Present Scenario of Brick Kiln -- 7 Price Variations of Brick Unit -- 8 Expectations After Covid-19 Pandemic Situation -- 9 Conclusions -- References --

22 The Impact of the COVID19 Pandemic on Shopping Trips Behavior in Urban Areas -- Abstract -- 1 Introduction -- 2 Methodology -- 3 Results -- 3.1 The Changes in the Shopping Trips Behavior -- 3.2 The Control Factors of

Shopping Trips -- 4 Discussion -- 5 Conclusion -- 6  
Recommendations -- Acknowledgements -- References -- Author  
Index.
