Soggetti	History of other lands Electronic books. Soviet Union Foreign relations United States United States Foreign relations Soviet Union
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Based on thesis, Yale University.
Nota di bibliografia	Bibliographical references included in "Notes" (p. 185-235)
Sommario/riassunto	This account of the stormy career of a controversial figure in United States diplomacy draws upon all available sources, including the previously inaccessible Bullitt papers at Yale University. It focuses principally on Bullitt's contribution to Russian-American policy during the Willson administration and as adviser on Soviet affairs to Franklin Roosevelt. These revealing chapters in recent diplomatic history show how Bullitt's contact with the harsh facts of international politics gradually extinguished his enthusiastic hope for a new world to follow World War I.
