Disciplina	410
Soggetti	Linguistics
Lingua di pubblicazione	Molteplice
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references.
Sommario/riassunto	Columns presented to Arie Verhagen on September 30, 2016 on the occasion of his retirement as professor of Dutch Linguistics at Leiden University. Constructions - central to Arie's work - are conventionalized connections of form and meaning, which can vary greatly in their degree of abstraction. The entire continuum is represented in this collection: from petrified combinations in which all elements are fixed.
