

1. Record Nr.	UNINA9910143413603321
Titolo	Cost reduction and control best practices [[electronic resource]] : the best ways for a financial manager to save money / / Institute of Management and Administration (IOMA)
Pubbl/distr/stampa	Hoboken, N.J., : John Wiley, c2006
ISBN	1-119-20138-1 1-280-28696-2 9786610286966 0-471-76405-1
Edizione	[2nd ed.]
Descrizione fisica	1 online resource (543 p.)
Disciplina	658.15/52 658.1552
Soggetti	Cost control Business enterprises - Finance Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	COST REDUCTION AND CONTROL BEST PRACTICES; Contents; Preface; Acknowledgments; Chapter 1: Corporate Cost-Control Strategies; Chapter 2: Human Resource Department Costs; Chapter 3: Benefits Costs; Chapter 4: Compensation Costs; Chapter 5: 401(k) Plan Costs; Chapter 6: Training and Development Costs; Chapter 7: Accounting Department Costs; Chapter 8: Accounts Payable Costs; Chapter 9: Credit and Collections Costs; Chapter 10: Purchasing Costs; Chapter 11: Inventory Costs; Chapter 12: Export Costs; Chapter 13: Outsourcing; Chapter 14: Downsizing; Chapter 15: Consultants' Costs Chapter 16: Business Tax CostsIndex
Sommario/riassunto	The official IOMA source for tips, techniques, strategies, and best practices in corporate cost-cutting This book is an authoritative and comprehensive collection of the best strategies and techniques being used to control costs across virtually every business function. Each chapter focuses on a different department or function and is built around original research, the latest strategies currently being used, and

dozens of practical tips and tactics from managers around the country. Case studies and real examples illustrate this expert guide from the only truly definitive source-the I

#### Sommario/riassunto

This book constitutes the proceedings of the 23rd International Conference on Passive and Active Measurement, PAM 2022, held in March 2022. Due to COVID-19 pandemic, the conference was held virtually. The 15 full papers and 15 short papers presented in this volume were carefully reviewed and selected from 62 submissions. The papers present emerging and early-stage research in network measurements – work that seeks to better understand complex, real-world networked systems and offer critical empirical foundations and support to network research.
