

1. Record Nr.	UNINA9910553072203321
Autore	Rahmani-Andebili Mehdi
Titolo	Feedback control systems analysis and design : practice problems, methods, and solutions / / Mehdi Rahmani-Andebili
Pubbl/distr/stampa	Cham, Switzerland : , : Springer Nature Switzerland AG, , [2022] ©2022
ISBN	9783030952778 9783030952761
Descrizione fisica	1 online resource (122 pages)
Disciplina	629.83
Soggetti	Feedback control systems Control theory Electronic circuits
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di contenuto	Intro -- Preface -- The Other Works Published by the Author -- Contents -- About the Author -- 1: Problems: Different Representations of Linear Time-Invariant (LTI) Systems -- 2: Solutions of Problems: Different Representations of Linear Time-Invariant (LTI) Systems -- 3: Problems: Stability Analysis of Linear Time-Invariant (LTI) Systems -- 4: Solutions of Problems: Stability Analysis of Linear Time-Invariant (LTI) Systems -- 5: Problems: Analysis of Transient Response -- 6: Solutions of Problems: Analysis of Transient Response -- 7: Problems: Analysis of Steady-State Response -- 8: Solutions of Problems: Analysis of Steady-State Response -- 9: Problems: Graphical Analysis and Design in Time Domain -- 10: Solutions of Problems: Graphical Analysis and Design in Time Domain -- 11: Problems: Controller Design in Time Domain -- 12: Solutions of Problems: Controller Design in Time Domain -- Index.
