Sommario/riassunto	This book assesses the impacts of COVID-19 on the Indonesian economy, particularly on employment, education, poverty, trade, and macroeconomy. The chapters explain how fiscal and monetary stimulus work and the roles of local governments in managing stimulus. It also presents paths to recovery and lessons learned from countries that have found success in mitigating the economic impacts of the pandemic (China, Germany, Singapore, and Vietnam). This text

will be a useful reference for policy makers, scholars, students, and public audience working or interested in the fields of development economics, trade, health economics, economics, and East Asia.
