

1. Record Nr.	UNINA9910554040903321
Titolo	2021 14th International Conference on Human System Interaction (HSI) // Institute of Electrical and Electronics Engineers
Pubbl/distr/stampa	[Place of publication not identified] : , : IEEE, , 2021
ISBN	1-66544-112-7
Descrizione fisica	1 online resource
Disciplina	620.82
Soggetti	Human engineering
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	<p>The HSI conference has been prepared as a platform for exchanging ideas, knowledge, skills, and experiences in interactions between man and these systems The HSI conference series has become the very important international conference in the field of Human System Interactions, human system science and engineering, human factors in large complex systems, human space computing and cyber physical systems, human environment interactions, and social technical systems The conference will cover the theory, design, and application of human system interactions in the areas of science, education, business, industry, services, humanity, environment, health, and government Apart from the aforementioned topics, the conference will include Special Sessions on highly specialized topic areas reporting technical trends and breakthroughs in human system interaction We cordially invite you to organize special sessions.</p>
