Conclusion -- 7 Standing with Indigenous Juris-dictions -- Acknowledgments -- References -- Index
Sommario/riassunto	It is well-known that there is a complicated relationship between Native American Tribes and the US government. Relations between Tribes and the federal government are dominated by the principle that the government is supposed to engage in meaningful consultations with the tribes about issues that affect them. In this book, Justin B. Richland, an associate justice of the Hopi Appellate Court and ethnographer, closely examines the language employed by both Tribes and government agencies in over eighty hours of meetings between the

two.
