Sommario/riassunto	The essential text for understanding and managing deviant sexual interest and paraphilic disorders Sexual Deviance is an authoritative text that provides an understanding to the assessment, management, and treatment of sexual deviance and paraphilic disorders. The international panel of contributors--noted experts on the topic--illuminate the emerging theories that help to explain the developmental influences and pathways of sexual deviance and its connection to offending behaviour. The text considers various developmental influences such as neurobiological pathways as well as the effects of pornography.
