Livello bibliografico	Monografia
Sommario/riassunto	In today's business environment, as organizations constantly seek to growth and develop through the optimization of their innovative and creative potential, understanding the critical issues and management practices in R & D is essential. This book provides a critical reevaluation of the state of the art issues and concepts in R&D management. The views expressed are those of leading French researchers and professionals in this field, fed by empirical studies in national and international firms.
