

1. Record Nr.	UNINA9910555078203321
Titolo	Recent advances in hybrid metaheuristics for data clustering // edited by Sourav De, Sandip Dey, Siddhartha Bhattacharyya
Pubbl/distr/stampa	Hoboken, New Jersey : , : Wiley, , [2020] ©2020
ISBN	1-119-55161-7 1-119-55160-9 1-119-55162-5
Descrizione fisica	1 online resource (199 pages)
Disciplina	519.53
Soggetti	Cluster analysis - Data processing Metaheuristics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	"The book will elaborate on the fundamentals of different meta-heuristics and their application to data clustering. As a result, it will pave the way for designing and developing hybrid meta-heuristics to be applied to data clustering"--
