

1. Record Nr.	UNINA9910467341603321
Autore	Bukaty Preston
Titolo	The California Consumer Privacy Act (CCPA) : an implementation guide // by Preston Bukaty
Pubbl/distr/stampa	Ely, Cambridgeshire, United Kingdom : , : IT Governance Ltd, , [2019] ©2019
ISBN	1-5231-3377-5 1-78778-133-X
Descrizione fisica	1 online resource (172 pages)
Disciplina	343.071
Soggetti	Consumer protection - Law and legislation - California Privacy, Right of - California Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia

2. Record Nr.	UNINA9910555110903321
Autore	Zhu Frank <1957->
Titolo	Efficient petrochemical processes : technology, design and operation / / Frank (Xin X.) Zhu [and three others]
Pubbl/distr/stampa	Hoboken, New Jersey : , : Wiley : , : AIChE, , [2020] ©2020
ISBN	1-119-48788-9 1-5231-3296-5 1-119-48789-7 1-119-48787-0
Descrizione fisica	1 online resource (425 pages)
Collana	THEi Wiley ebooks
Disciplina	547.6
Soggetti	Aromatic compounds
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	<p>"This book covers the application of methods and tools for energy optimization and process design. It focuses the application of these methods on petrochemical process units such as the aromatics process unit. The book provides practical methods and tools to industrial practitioners with the focus on improving industrial energy efficiency, reducing capital investment, and optimizing yields via better design, operation, and optimization. Broken down into six parts the book covers a range of topics including: Aromatics Process Description; Process Design Considerations; Petrochemical Separation Design; Process Integration; Process system optimization; Types of revamps; Equipment assessment; Common operating issues; and Troubleshooting case analysis to name a few. Aromatics processes are very important for our daily lives as they make our basic petrochemical building blocks: benzene, toluene, and xylenes (BTX). Benzene is used in the production of more than 250 different products; the most important benzene derivatives are ethylbenzene, cumene, and cyclohexanes. The xylene product, known as mixed xylene, contains four different C8 aromatic isomers: para-xylene, ortho-xylene, meta-</p>

xylene, and ethylbenzene. Para-xylene is the most important aromatic isomer; it is used almost exclusively in the production of polyester fibers, resins, and films. Toluene is mainly used to produce benzene through hydrodealkylation. It is becoming increasingly important in the production of xylene through toluene disproportionation and transalkylation with C9 aromatics"--

3. Record Nr.	UNINA9910781923703321
Autore	Rondon Cesar Miguel
Titolo	The book of salsa [[electronic resource]] : a chronicle of urban music from the Caribbean to New York City / / Cesar Miguel Rondon ; translated by Frances R. Aparicio with Jackie White
Pubbl/distr/stampa	Chapel Hill, : University of North Carolina Press, c2008
ISBN	0-8078-8638-6 1-4696-0380-2 0-8078-8639-4
Descrizione fisica	1 online resource
Collana	Latin America in translation/en traducción/em traducao
Altri autori (Persone)	AparicioFrances R WhiteJackie
Disciplina	781.64
Soggetti	Salsa (Music) - History and criticism Salsa musicians - Caribbean Area
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Originally published in Spanish: Caracas : Editorial Arte, 1980. Discography (p. [309]-312) and index.
Nota di bibliografia	Includes discography and index.
Nota di contenuto	Salsa zero: the 1950s -- The 1960s -- Salsa's the thing -- The New York sound -- Our (Latin) thing -- The thing in Montuno -- The boom -- Another thing -- All of the salsas.
Sommario/riassunto	Salsa is one of the most popular types of music listened to and danced to in the United States. Until now, the single comprehensive history of the music--and the industry that grew up around it, including musicians, performances, styles, movements, and production--was available only in Spanish. This lively translation provides for English-reading and music-loving fans the chance to enjoy César Miguel

Rondón's celebrated *El libro de la salsa* . For this first English-language edition, Rondón has added a new chapter to bring the story of salsa up to the present.
