

1. Record Nr.	UNINA9910465038403321
Titolo	Wildlife in airport environments : preventing animal-aircraft collisions through science-based management / / edited by Travis L. DeVault, Bradley F. Blackwell, and Jerrold L. Belant
Pubbl/distr/stampa	Baltimore, Maryland : , : The Johns Hopkins University Press, , 2013 ©2014
ISBN	1-4214-1083-4
Descrizione fisica	1 online resource (189 p.)
Collana	Wildlife Management and Conservation
Altri autori (Persone)	DeVaultTravis L. <1974-> BlackwellBradley F. <1962-> BelantJerrold L. <1963->
Disciplina	363.12/47
Soggetti	Airports - Bird control Wildlife pests - Control Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.

Sommario/riassunto

"History of Anatomy: An International Perspective is unique in its global approach to studying the development of human anatomy. Though it references widely known anatomists, such as Aristotle, Galen, and Bell, the book also pay homage to less famous contributors to the field and explains their findings. This comprehensive history of the morphology of humans serves as a useful guide to anatomists, anthropologists, physicians, surgeons, and anyone interested in the early history of medicine and surgery"--

"Sales handles: -profiles anatomists from around the world, from Europe to Africa, Asia, North American and the Middle East - comprehensive history of anatomy, featuring coverage of famous anatomists such as Aristotle, Galen, and Bell, as well as less well known contributors to the field -written by an internationally recognized team of authorities in the field Market description: anatomists, anthropologists, physicians, surgeons, medical personnel, medical students, health related professionals, and historians and anyone interested in the early history of medicine and surgery"--
