   Formato   Materiale a stampa

   Livello bibliografico   Monografia

   Sommario/riassunto   This book collects important contributions on smart cities. This book
                        was created in collaboration with the ICSC-CITIES2020, held in San José
                        (Costa Rica) in 2020. This book collects articles on: energetic efficiency
                        and sustainability; infrastructures, energy and the environment;
                        mobility and IoT; governance and citizenship.
