

1. Record Nr.	UNINA9910557835103321
Autore	Propp Vladimir
Titolo	Zgodovinske korenine arobne pravljice
Pubbl/distr/stampa	Ljubljana, : ZRC SAZU, Založba ZRC, 2013
Descrizione fisica	1 electronic resource (344 p.)
Collana	Studia Mythologica Slavica Supplementa ; Supplementum 8
Soggetti	Folklore, myths & legends
Lingua di pubblicazione	Sloveno
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	<p>This translation of the book ('The Historical Roots of Magic Tale') written by one of the most prominent Russian folklorists of the 20th century Vladimir Yakovlevich Propp, presents one more classical work of anthropological and folkloristical science to Slovenian researchers. The theoretical starting-points which Propp concived in his book "Morphology of the Folktale" was in this work projected on concrete material – on Russian and European folktales. By comparing folktale motifs with actual historical and anthropological sources he substantiated his structuralistical and ritualistical theoties in folk narrative research and folkloristics.</p> <p>S prevodom temeljnega dela enega najvidnejših raziskovalcev ljudskega pripovedništva minulega stoletja, Vladimirja Jakovljevia Proppa, je slovenska znanstvena publicistika bogatejše še za eno klasino študijo antropološke in folkloristine vede. Knjiga Zgodovinske korenine arobne pravljice predstavlja morfološko in ritualistino usmerjeno študijo ljudskih – predvsem ruskih – arobnih pravljic. Teoretina izhodiša, ki jih je Propp zasnoval v Morfologiji pravljice, je tokrat uporabil ob konkretnih primerih ljudskih arobnih pravljic, ki jih je vzporedil z zgodovinskimi in antropološkimi viri.</p>
