Sommario/riassunto	<p>The African Disability Rights Yearbook addresses disability rights within the foundational structure laid down by the inaugural issue. The structure comprises a tripartite division between: articles; country reports; and shorter commentaries on recent regional and sub-regional developments. The African Disability Rights Yearbook aims to advance disability scholarship. Coming in the wake of the United Nations Convention on the Rights of Persons with Disabilities, it is the first peer-reviewed journal to focus exclusively on disability as human rights on the African continent. It provides an annual forum for scholarly analysis on issues pertaining to the human rights of persons with disabilities.</p>
