Sommario/riassunto	"A denunciation of the credentialed elite class that serves capitalism while insisting on its own progressive heroism. Professional Managerial Class (PMC) elite workers labor in a world of performative identity and virtue signaling, publicizing an ability to do ordinary things in fundamentally superior ways. Author Catherine Liu shows how the PMC stands in the way of social justice and economic redistribution by promoting meritocracy, philanthropy, and other self-serving operations to abet an individualist path to a better world. Virtue Hoarders is an unapologetically polemical call to reject making a virtue out of taste and consumption habits. Forerunners: Ideas First is a thought-in-process series of breakthrough digital publications. Written between fresh ideas and finished books, Forerunners draws on scholarly work initiated in notable blogs, social media, conference plenaries, journal articles, and the synergy of academic exchange. This is gray literature publishing: where intense thinking, change, and speculation take place in scholarship." -- Publisher's description.
