

1. Record Nr.	UNINA9910561296903321
Titolo	Insights into incontinence and the pelvic floor // Fulya Dokmeci and Daa E. E. Rizk, editors
Pubbl/distr/stampa	Cham, Switzerland : , : Springer International Publishing, , [2022] ©2022
ISBN	3-030-94174-4
Descrizione fisica	1 online resource (260 pages)
Disciplina	617.55
Soggetti	Pelvic floor - Diseases Pelvic floor - Imaging
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Intro -- Preface -- Contents -- About the Authors -- Contributors -- Part I: Female Incontinence -- 1: Impact of Urinary Incontinence on Quality of Life -- 1.1 Literature Review -- 1.1.1 The Metabolic Syndrome -- 1.1.2 The Metabolic Syndrome and Lower Urinary Tract Dysfunction -- 1.1.3 Urinary Incontinence and Menopause -- 1.1.4 Quality of Life in Women with Urinary Incontinence -- 1.2 Case Study: Anthropometric and Psychosocial Impacts on Maltese Women with Urinary Incontinence -- 1.2.1 Types of Urinary Incontinence -- 1.2.2 Components of the Metabolic Syndrome -- 1.2.3 Hyperlipidaemia -- 1.2.4 Diabetes -- 1.2.5 Hypertension -- 1.2.6 The Metabolic Syndrome -- 1.2.7 Menopausal Status -- 1.2.8 Normal and Instrumental Vaginal Deliveries -- 1.2.9 ICIQ-UI Short Form Scores -- 1.3 Statistical Analysis -- 1.4 Discussion -- 1.4.1 Urinary Incontinence and Body Mass Index -- 1.4.2 Urinary Incontinence and Metabolic Factors -- 1.4.3 Urinary Incontinence and Parturition -- 1.4.4 Urinary Incontinence and Menopause -- 1.4.5 Urinary Incontinence and Quality of Life -- 1.4.6 Clinical Diagnosis Versus Urodynamic Diagnosis -- 1.5 Conclusion -- References -- 2: Invasive and Noninvasive Uroflowmetry -- 2.1 Introduction -- 2.2 Literature Review -- 2.3 Case Study: Comparison of Uroflowmetry Parameters Between Free Uroflowmetry and Ambulatory Urodynamic Monitoring in Women with Lower Urinary Tract Symptoms -- 2.4 Discussion -- 2.5

Conclusion -- References -- 3: Single-Incision Slings -- 3.1
Introduction -- 3.2 Literature Review -- 3.3 Case Study: Long-Term
Results of Contasure-Needleless Technique Versus TVT-O
for the Treatment of Stress Urinary Incontinence (Video) -- 3.4
Discussion -- 3.5 Conclusion -- References -- 4: Persistent Stress
Urinary Incontinence -- 4.1 Literature Review.
4.2 Case Study: Worsening Urinary Incontinence After Abdominal
Sacrocolpopexy and Concomitant Burch Colposuspension: Cystoscopy
for Diagnosis of the Distorted Bladder Neck and for Guiding
Management (Video Presentation) -- 4.3 Discussion -- 4.4 Conclusion
-- References -- 5: Vesicouterine Fistula -- 5.1 Introduction -- 5.2
Literature Review -- 5.3 Case Study: Laparoscopic Repair
of a Vesicouterine Fistula -- 5.4 Discussion -- 5.5 Conclusion --
References -- 6: Evaluation of Anal Sphincter Innervation -- 6.1
Introduction -- 6.2 Literature Review -- 6.3 Case Study: EMG Analysis
of Anal Sphincter Innervation After Episiotomy -- 6.4 Discussion --
6.4.1 Limitations and Weaknesses of the Study -- 6.4.2 Strengths
of the Study -- 6.5 Conclusion -- References -- 7: Impact of Delivery
on the Anal Sphincter Innervation -- 7.1 Case Study: Changes
of External Anal Sphincter Innervation Pattern After Delivery -- 7.2
Conclusion -- References -- Part II: Male Urinary Incontinence -- 8:
Suburethral Slings -- 8.1 AdVance/AdVanceXP -- 8.2 Virtue Male
Sling -- 8.3 I-STOP TOMS -- 8.4 Case Study: Suburethral Sling
for Male Urinary Incontinence-Our Experience and Results -- 8.5
Discussion -- 8.6 Conclusion -- References -- 9: Adjustable
Transobturator Male Systems -- 9.1 Case Study: Implant of Atom
System for the Treatment of Postoperative Male Stress Urinary
Incontinence-An Italian Multicentric Study -- 9.2 Discussion -- 9.3
Conclusion -- References -- 10: Quality of Life After Suburethral Slings
-- 10.1 Introduction -- 10.2 Literature Review -- 10.3 Case Study:
Male Adjustable Sling ReMeEx: Variables Affecting Quality of Life After
Surgery -- 10.4 Discussion -- 10.5 Conclusion -- References -- Part
III: Pelvic Organ Prolapse -- 11: Inheritance of Pelvic Organ Prolapse --
11.1 Introduction -- 11.2 Literature Review.
11.3 Case Study: Inheritance of Pelvic Organ Prolapses -- 11.4
Discussion -- 11.5 Conclusion -- References -- 12: Screening
for Ehlers-Danlos Syndrome in the Pelvic Organ Prolapse Patient --
12.1 Introduction -- 12.2 Case Study: POP/EDS (Ehlers-Danlos
Syndrome) Comorbidity-Screening to Improve Treatment Outcome --
12.3 Discussion -- 12.4 POP -- 12.5 EDS -- 12.6 Genetics
and Collagen -- 12.7 POP/EDS -- 12.8 QOL -- 12.9 Screening
Shortfall -- 12.10 Conclusion -- References -- 13: Obstructive
Defecatory Symptoms with Pelvic Organ Prolapse -- 13.1 Introduction
-- 13.2 Literature Review -- 13.3 Case Study: The Relation
of Posterior Vaginal POP-Q Points with Obstructive Defecatory
Dysfunction Symptoms -- 13.4 Discussion -- 13.5 Conclusion --
References -- 14: Surgical Treatment of Posterior Compartment
Defects -- 14.1 Case Study: Pelvic Floor Disorders: A New Perspective
(A New Surgical Technique with a Polypropylene Patch for Posterior
Compartment Defect) -- 14.2 Conclusion -- References -- 15:
Sacropexy of the Vagina and Rectum with a Single Mesh -- 15.1 Pelvic
Organ Prolapse -- 15.2 Rectoanal Intussusception -- 15.3 Case Study:
Feasibility of Correcting Vaginal Vault Prolapse and Intussusception
with One Y Mesh (First Results) -- 15.4 Discussion -- 15.5 Conclusion
-- References -- 16: Repair of Pelvic Organ Prolapse with Mesh Surgery
-- 16.1 Introduction -- 16.2 Literature Review -- 16.3 Case Study:
Use of Unique Incision Mesh for Pelvic Organ Prolapse Repair (Real-
World Experience) -- 16.4 Discussion -- 16.5 Conclusion --

References -- 17: Sacrouterine Ligament Augmentation with Vaginal Approach -- 17.1 Introduction -- 17.2 Surgical Method Description -- 17.3 Clinical Outcomes -- 17.4 Interpretation of Clinical Outcomes -- 17.5 Conclusion -- References -- 18: The Manchester-Fothergill Operation.
18.1 Case Study: The Manchester Operation-Our Experience at Regional Hospital of Terrassa -- 18.2 Discussion -- 18.3 Conclusion -- References -- 19: Vaginal Hysterectomy and Pelvic Floor Repair with Local Anesthesia -- 19.1 Introduction -- 19.2 Literature Review -- 19.3 Case Study -- 19.4 Discussion -- 19.5 Conclusion -- References -- 20: Laparoscopic Surgery for Pelvic Organ Prolapse and Urinary Incontinence -- 20.1 Laparoscopic Surgery for Pelvic Organ Prolapse: Colposacropexy -- 20.2 Case Study Laparoscopic Colposacropexy: A Safe Approach in Elderly Patients -- 20.3 Laparoscopic Surgery for Urinary Incontinence in Female: Urinary Artificial Sphincter -- 20.3.1 Surgical Technique -- 20.4 Conclusion -- References -- 21: Laparoscopic Pectopexy -- 21.1 Introduction -- 21.2 Literature Review -- 21.2.1 Material and Methods -- 21.2.2 About Female Pelvic Floor Anatomy -- 21.2.3 Colposacropexy Development -- 21.2.4 Pectopexy, the Beginning -- 21.3 Case Study: The Laparoscopic Pectopexy Surgical Technique as a Treatment of Apical and Anterior Compartment Defects of the Female Pelvic Floor -- 21.4 Discussion -- 21.5 Conclusions -- References -- Part IV: Chronic Bladder Disorders -- 22: Bladder Pain Syndrome and Interstitial Cystitis in Women -- 22.1 Introduction -- 22.2 Literature Review -- 22.3 Case Report: Intravesical Hyaluronic Acid Instillation for Interstitial Cystitis/Bladder Pain Syndrome-Case Series -- 22.4 Discussion -- 22.5 Conclusion -- References -- 23: Treatment of Interstitial Cystitis/Bladder Pain Syndrome with Palmitoylethanolamide/Polydatin -- 23.1 Microglia, Mast Cells, and Their Role in Neuropathic Pain -- 23.2 Endogenous Mechanisms as a Therapeutic Approach -- 23.3 Pharmacological Effects of PEA in IC/BPS -- 23.4 Case Study -- References -- 24: Overactive Bladder Syndrome in Women -- 24.1 Introduction.
24.2 Literature Review -- 24.3 Case Study: Does Functional Electrical Stimulation Increase Cure Rates in Patients Whom Not Exactly Satisfied with Anticholinergic Treatment? -- 24.4 Discussion -- 24.5 Conclusion -- References -- 25: Overactive Bladder Syndrome in Men -- 25.1 Introduction -- 25.2 Literature Review -- 25.3 Case Study: Predictive Factors for Clinical Improvement, Treatment Continuation, and Complications After BoNT-A in Male Patients with Idiopathic Overactive Bladder Syndrome -- 25.4 Discussion -- 25.5 Conclusion -- References -- Part V: Genitourinary Syndrome of Menopause and Recurrent Urinary Tract Infection -- 26: Effect of Laser Therapy on the Vaginal Epithelium -- 26.1 Case Study: Histopathological Findings of the Vaginal Epithelium After the Laser Therapy in Postmenopausal Women -- 26.2 Discussion -- 26.3 Conclusion -- References -- 27: Recurrent Urinary Tract Infection -- 27.1 Introduction -- 27.2 Literature Review -- 27.3 Case Study: Immunoprophylaxis with Autovaccine Uromune® Presents Better Effectiveness Against Prevention with Antibiotics or with Vaccine from the Collection Strain in Recurrent Urinary Tract Infections -- 27.4 Discussion -- 27.5 Conclusion -- References -- 28: Immunoprophylaxis in Recurrent Urinary Tract Infection -- 28.1 Introduction -- 28.2 Literature Review -- 28.3 Case Study -- 28.4 Discussion -- 28.5 Conclusion -- References -- 29: Impact of Recurrent Urinary Tract Infection on Renal Function -- 29.1 Introduction -- 29.2 Literature Review -- 29.3 Case Study: Variations

in Renal Function in Patients with Recurrent Urinary Tract Infections:
Solórzano Study -- 29.4 Discussion -- 29.5 Conclusion -- References
-- Part VI: Pelvic Floor Physiotherapy -- 30: Connective Tissue
Manipulation -- 30.1 Treatment Mechanism of Connective Tissue
Manipulation.
30.2 Physiological Effects of Connective Tissue Manipulation.
