Livello bibliografico	Monografia
Note generali	Peter Lang GmbH, Internationaler Verlag der Wissenschaften
Sommario/riassunto	This volume presents a sampling of papers devoted to different phenomena of Polish (and theoretical) morphology and syntax. The focus of attention of the Authors of the present volume is concentrated mostly on questions of syntactic and morphological analysis of Modern Standard Polish with exception of W. Manczak's and (in part) G. Hentschel's articles, which take the diachronic perspective.
