Sommario/riassunto

Through a range of case studies from eastern and western Europe, this book breaks new ground in investigating the extent to which European peoples living within Europe were also subjected to the ideologies and practices of colonialism.

Sommario/riassunto

In der vorliegenden Arbeit wird unter Anwendung diskursanalytischer Verfahren eine individualistisch und mystisch orientierte, von der Idee einer "Neuen Privatheit", einer gesellschaftlichen und individuellen Transformation gepragte Strömung in der polnischen Literaturwissenschaft, Literaturkritik und Lyrik der späten 70er und der 80er Jahre untersucht und in einen übergreifenden Kontext des sich in Amerika und Europa seit ca. Ende der 70er Jahre in diversen Kulturbereichen verstärkt manifestierenden New-Age-Diskurses gestellt.
