Lingua di pubblicazione	Francese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references.
Sommario/riassunto	Neuchâtel adopted the Reformation in 1530. What impact did this decision by the citizens of the city have on the population? This book describes the discipline that has since surrounded the parishioners of the canton of Neuchâtel and the lordship of Valangin and evoked three centuries of Neuchâtel consistories. Based on the analysis of thousands of cases, it draws back the curtain on daily life, love, the revolts of a small population, mostly rural, in which the sources speak only rarely.
