

1. Record Nr.	UNINA9910564683603321
Autore	Dompere K. K.
Titolo	The theory of problem - solution dualities and polarities : information - decision - choice foundations of the unity of knowing and the unity of science // Kofi Kissi Dompere
Pubbl/distr/stampa	Cham, Switzerland : , : Springer, , [2022] ©2022
ISBN	9783030902797 9783030902780
Descrizione fisica	1 online resource (333 pages) : illustrations
Collana	Studies in systems, decision and control ; v.405
Disciplina	006.3
Soggetti	Computational intelligence Knowledge, Theory of
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Intro -- Preface -- The Monograph -- The Organization of the Monograph and the Chapter Summaries -- Contents -- Preamble -- Some Notes on the Preamble in Relation to Dualistic-Polar Conditions in the Knowing and the Information-Knowledge Process -- References -- Prologue: Epistemics of Past-Present Research Directions on Information-Knowledge Systems -- I. Introductory Reflections -- II. The Methodological Toolbox -- Definition IIA: Methodology and Methodological Toolbox -- Definition IIB: Analytics and Analytical Toolbox -- II A: There are Two Organic Paradigms of Thought of Interest -- III: The Principle of Opposites, Neuro-Decision-Choice-Action and Knowing -- IV. The Problem-Solution Dualities and Polarities -- V. Paradigms of Thought in Knowing and Decision-Choice Actions -- VI. Information Structures and Paradigms of Thought -- VII. Decision-Choice Activities, Certainty-Uncertainty Duality and Problem-Solution Duality and Polarity -- VIII: The Asantrofi-Anoma Problem and Cost-Benefit Analysis Over the Space of Problem-Solution Dualities -- IX: The Principle of Opposites and the Concept of Relativity -- Proposition I: Internal Characteristic Disposition -- Proposition II: Identification-Transformation Condition -- X: Possibility, Imagination, Reality, Possible Worlds, Creativity and Anomalies in Knowing

and the Knowledge Production System -- References --
Acknowledgements -- A Proposal -- Statement of Aims and Rationale
behind the Monograph -- The General Reflections About
the Monograph -- The Synopses -- Organization of the Monograph --
About the Author -- 1 The Theory of Knowing and the Theory
of Knowledge: Comparative Analytics -- 1.1 Introduction to Knowing
and Knowledge -- 1.2 Some Epistemic Questions on Knowing
and Knowledge -- 1.3 Knowing and Knowledge in Theory and Practice.
2 The Knowledge Square, Knowing and Knowledge Production:
Conceptual Pathway Analytics -- 2.1 Pathway Analytics and Logical
Connectivity -- 2.1.1 The Pathway Analytics and Paremiology
of Geometries -- 2.2 Introduction to Knowledge Square as the Pathway
Analytics -- 2.3 The Concept of Cognitive Search Activities
in an Epistemic Abstract -- 2.3.1 The Concepts of Epistemology
and Ontology in a Cognitive Search Over the Spaces of the Problem-
Solution Dualities and Polarities -- 2.4 The Spaces of Relativity
and Absoluteness in Knowing, Knowledge and Decision -- 2.5 Useful
Dualistic-Polar Spaces for Knowing and Knowledge Stock-Flow
Dynamics -- 3 The Theory of Epistemic Spaces for the Diversity
and the Unity of Knowing and Science -- 3.1 An Introduction
to the Concept of Epistemic Space -- 3.2 The Concept of Cognitive
Search Activities in Analytical Spaces -- 3.3 The Concepts
of Epistemological and Ontological Spaces in Cognitive Search
for Knowing, Information and Knowledge -- 3.3.1 Defining
the Characteristics of the Epistemological and Ontological Space --
3.3.2 The Epistemological Space and Cognitive Search Over
the Ontological Space -- 3.4 Algebraic Conceptions of the Ontological
Space in Cognitive Search -- 3.4.1 Properties of the Ontological Space
and Ontological Information -- 3.5 The Epistemological Space,
Cognitive Search and Connectivity to the Ontological Space -- 3.5.1
Symbolic Representation of the Epistemological Space -- 3.5.2
Algebraic Conceptions of the Epistemological Space in the Cognitive
Search -- 3.6 The Principle of Opposites and the Variety Space -- 3.6.1
The Principle of Opposites and Neuro-Decision-Choice Activities --
3.6.2 Connectivity Within the Space of Epistemological-Ontological
Dualities -- 4 The Theory of Relational Problem-Solution Dualities, The
Unity of Knowing, The Unity of Science and the Diversity in Knowledge.
4.1 Introductory Reflections on Duality -- 4.2 Primary and Derived
Spaces and Information Structures -- 4.2.1 Reflections on Problems,
Solutions, Problem-Solution Dualities in Knowing -- 4.2.2 The First
Principle, Information-Knowledge Structures and the Problem-Solution
Processes -- 4.2.3 Philosophical Consciencism, National Personality
and the Problem-Solution Processes -- 4.2.4 The Importance of Social
Philosophical Consciencism and the First Principle of Knowing
and Intellectual Stock-Flow Dynamics -- 4.2.5 Social Philosophical
Consciencism, Information Manipulation, and Neuro-Decision-Choice
Actions -- 4.3 The Ontological Space of Problem-Solution Dualities --
4.3.1 Ontological Information-Creation System and Information-
Processing Systems -- 4.3.2 Ontological Information, Telescopic
Present, Telescopic Past and Telescopic Future -- 5 The
Epistemological Space of Problem-Solution Dualities, Unity of Knowing,
Unity of Science and Diversity in Knowledge -- 5.1 Introduction
to the Epistemological Space -- 5.2 The Epistemological Space
of Problem-Solution Dualities -- 5.2.1 Epistemological Information-
Creation Systems and Information-Processing Systems -- 5.2.2 The
Problem, Problem Space, Solution and the Solution Space -- 5.3 The
Goals, Objectives and the Goal-Objective Space for Decision-Choice
Actions -- 5.4 Criterion Space, Decision-Choice Space and the Action

Space -- 5.4.1 The Criterion and the Criterion Space -- 5.5 The Problem-Solution Duality, the Space of Problem-Solution Dualities and the Criteria -- 5.5.1 Definitions of the Concepts and Phenomena of Problem and Solution Duals -- 5.5.2 The Basic Characteristics of the Space of the Problem-Solution Dualities -- 5.5.3 Reflections on the Basic Characteristics of Problem-Solution Duality -- 5.5.4 Solutions, Solution Space and the Space of Decision-Choice Actions. 5.5.5 Reflections on Decision-Choice Dependent Definitions -- 6 The Theory of Categorial Conversion and the Problem-Solution Dualities in Knowing and Knowledge -- 6.1 Introduction to the Concept of Categorial Conversion -- 6.2 Problem-Solution Duality and the Space of Problem-Solution Dualities -- 6.2.1 Variety Analytics, Categorial Analytics, Fuzzy Decomposition, Fuzzy-Statistical Decomposition, Epistemic Unity and Internal and External Dualities in Knowing -- 6.2.2 Reflections on the Paradox and Unintended Outcome of Decision-Choice Action -- 6.2.3 Internal Duality and External Duality in the Space of Problem-Solution Dualities -- 6.2.4 Internal Duality, External Duality and Ignorance-Knowledge Polarity -- 6.3 Categorial Conversion and Problem-Solution Dualities -- 6.3.1 Categorial Conversion in the Logic of Problem-Solution Transformations Within the Theories of Knowing, Science, Non-science and Mathematics -- 6.3.2 The Categorial Convertors and the Problem-Solution Dualities -- 6.4 The Problem-solution Sequential Structure Over the Space of Problem-solution Dualities Under Categorial Conversions -- 6.4.1 The Problem-Solution Sequential Structure -- 6.4.2 Paradigms of Thought and the Problem-Solution Sequential Structure -- 6.5 Human Life, Decision-Choice Actions, Problem-Solution Dualities and Social Change -- 7 The Theory of Relational Problem-Solution Polarities, Diversity and the Unity of Knowing and Science -- 7.1 Relational Introduction -- 7.2 The Principle of Opposites, Polarity, Problem-Solution Polarities and the Problem-Solution Dualities -- 7.2.1 Representation Analytics of the Principle of Opposites Under Polarity -- 7.2.2 External Problem-Solution Duality and the Space of Polarities -- 7.3 Knowing, Problem-solution Polarity and Cost-benefit-Analysis. 7.3.1 Cost-Benefit Analytics, Dualistic-Polar Analytics and Problem-Solution Analytics -- 7.3.2 Paremiologically Geometric Analytics of Dualistic-Polar Relational Connectivity -- 7.4 The Categorial Conversion Process and Categorial Analytics -- 7.4.1 The Categorial Conversion Process and the Problem-Solution Dynamics -- 7.4.2 Necessity-Freedom Analytics and the Categorial Conversion Process -- Epilogue -- The Epistemic Directions of Future Research on Problem-Solution Dualities and Polarities -- Concluding Reflections -- A Note on Institutions and the Organization of Knowing -- Production-Consumption and Input-Output Processes of an Information-Knowledge System -- A Prelude to the Theory of Neuro-Decision-Choice Systems -- Imagination, Reality, Belief and the Space of Imagination-Reality Dualities -- Methodology, Information and Problem-Solution Dualities -- References -- Index.

Sommario/riassunto

This book is concerned with the development of the understanding of the relational structures of information, knowledge, decision choice processes of problems and solutions in the theory and practice regarding diversity and unity principles of knowing, science, non-science, and information knowledge systems through dualistic-polar conditions of variety existence and nonexistence.
