

1. Record Nr.	UNINA9910566473703321
Autore	Cristobal Ion
Titolo	Molecular Pathways in Cancers
Pubbl/distr/stampa	Basel, : MDPI - Multidisciplinary Digital Publishing Institute, 2022
Descrizione fisica	1 electronic resource (284 p.)
Soggetti	Medicine Oncology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This book includes some recent works providing the readers with novel relevant findings about the main signaling pathways that govern the molecular pathogenesis of some of the highest prevalent human tumors, which are the basis for developing alternative therapeutic strategies to improve patient outcomes.
