

1. Record Nr.	UNINA9910566483503321
Autore	Granata Guido
Titolo	Clostridioides difficile Infection
Pubbl/distr/stampa	Basel, : MDPI - Multidisciplinary Digital Publishing Institute, 2022
Descrizione fisica	1 electronic resource (178 p.)
Soggetti	Medicine Epidemiology & medical statistics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This book collects multidisciplinary research articles focused on Clostridioides difficile infection. The contributions collected here shed some light on grey areas of our knowledge of Clostridioides difficile, including regional Clostridioides difficile phenotypic and genotypic patterns, the Clostridioides difficile infection clinical course and the mortality rate in different settings and patient case-mix, the levels of Clostridioides difficile toxins in patients' sera, and novel, promising therapeutic approaches. This collection serves as a valuable reservoir of knowledge for scientists and researchers in the field of infectious diseases.
