International obligations to prevent CBRN emergency situations / Silvia Venier -- Rules of general scope in order to be prepared to deal with CBRN emergency situations / Andrea de Guttry -- General obligations to respond to and recover from CBRN emergency situations / Christine Bakker -- Regional perspective : distribution of powers and cooperation patterns under EU Law as applicable to CBRN protection / Federico Casolari -- States' obligations to prevent CBRN terrorism under Treaty Law and United Nations Security Council Resolutions / Luca Poltronieri Rossetti -- Preparedness rules applicable to CBRN terrorism / Andrea de Guttry -- Response and recovery in the event of CBRN terrorism / Giulia Perrone-- Regional perspective : CBRN terrorism-related obligations under European Union Law / Susanna Villani -- International obligations to prevent CBRN industrial and nuclear accidents / Annalisa Creta -- Preparedness obligations related to CBRN industrial accidents / Sophie Domaine -- Response and recovery in the event of CBRN industrial accidents / Christine Bakker and Federica Montanaro -- Regional perspective : obligations under European Union Law as applicable to CBRN industrial accidents / Federico Ferri -- Nuclear safety and security in Europe / Marco Balboni -- Prevention obligations applicable to naturally occurring CBRN events / Silvia Venier -- Preparedness rules applicable to naturally occurring CBRN incidents with special emphasis on biological events / Andrea de Guttry -- Response and recovery related to naturally occurring CBRN events : focusing on epidemic outbreaks, including COVID-19 / Christine Bakker and Alice Farina-- Regional perspective : obligations under EU Law as applicable to naturally occurring CBRN events / Federico Ferri -- The challenge to jus ad bellum posed by the development or use of CBRN weapons / Laura Magi -- The use of CBRN weapons in armed conflict / Diego Mauri -- CBRN weapons and the protection of the environment during armed conflicts / Stefano Saluzzo -- Chemical and biological weapons' disarmament / Ludovica Poli -- International legal obligations related to nuclear disarmament and nuclear testing / Andrea Spagnolo -- Obligations related to transfers of CBRN weapons and dual-use items / Annamaria Viterbo -- Ensuring compliance with international obligations applicable to CBRN weapons : supervisory mechanisms, sanctions, and inter-state litigation / Martina Buscemi -- Positive obligations under human rights law to protect against CBRN risks / Silvia Venier -- Ordinary and extraordinary limitations on human rights introduced to tackle CBRN threats / Emanuele Sommario-- CBRN events and international environmental law : from fragmentation to mutual supportiveness and coordination / Chiara Tea Antoniazzi -- Private corporations and CBRN risk management : an overview from the perspective of the UN guiding principles on business and human rights / Elena Corcione -- New technologies and CBRN events : international obligations in the cybersecurity domain / Gian Maria Farnelli -- Obligation to prosecute CBRN-related international crimes / Luisa Vierucci -- Criminal repression of CBRN-related violations which do not amount to international crimes / Alessandro Mario Amoroso -- Obligation to provide access to adequate remedies to victims of CBRN events under IHL and IHRL / Francesca Capone -- Concluding remarks / Andrea Gioia.

Sommario/riassunto

This book explores the interplay between International Law and Chemical, Biological, Radio-Nuclear (CBRN) risks. An all-hazards approach is adopted to cover events of intentional, accidental and natural origin, and international obligations are presented according to the phases of the emergency management cycle, including prevention, preparedness, response and recovery.
