

1. Record Nr.	UNINA9910568250603321
Titolo	Architectural, construction, environmental and digital technologies for future cities : experience and challenges from Russian cities // Natalia Potienko [and three others], editors
Pubbl/distr/stampa	Cham, Switzerland : , : Springer International Publishing, , [2022] ©2022
ISBN	3-030-94770-X
Descrizione fisica	1 online resource (456 pages)
Collana	Lecture Notes in Civil Engineering ; ; v.227
Disciplina	301.360947
Soggetti	Cities and towns - Russia (Federation) City planning - Russia (Federation)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Intro -- Preface -- Contents -- Application of the Experience of the "Exemplary Facades" of the XIX Century in Order to Harmonize Modern Cottage Buildings -- 1 Introduction -- 2 Methods and Materials -- 3 Theory -- 4 Results and Discussion -- 4.1 Justification or Prehistory -- 4.2 Experiment -- 4.3 Final Results -- 4.4 Discussion -- 5 Conclusion -- References -- Regenerating the Environment of a Small Historic Town Applying the Principles of Identity -- 1 Introduction -- 2 Materials and Methods -- 2.1 Methodology for the Quantitative Assessment of Tourist-Attractive Areas of a Town -- 2.2 Methodology for the Qualitative Assessment of Tourist-Attractive Areas of a Town -- 3 Conclusion -- References -- The Semiotic Aspect of Metareconstruction of Historical Architecture -- 1 Introduction -- 2 Methods -- 3 Results -- 4 Conclusion -- References -- Idea of "Garden City" and the Conception of Capital Cities as the Basis of the Architectural and Urban Paradigm of the Yerevan Master Plan of 1924 -- 1 Introduction -- 2 Methods -- 3 Objects of Study -- 4 The Purpose and Objectives of the Study -- 5 Short Prehistory of Yerevan -- 6 Creation of Yerevan Master Plan in 1924 -- 7 The Main Structural Base in Master Plan of Yerevan -- 7.1 The Influence of the "Garden City" Idea on the Formation of the General Plan of Yerevan in 1924 -- 7.2 The Influence of European Capital Cities

on the Formation of the General Plan of Yerevan in 1924 -- 8 Conflicts with Reality and the General Plan of Yerevan in 1924 -- 9 Results -- 10 Conclusion -- References -- Cluster Principles of Cultural Identity Preservation for the Monotowns -- 1 Introduction -- 2 Monotowns of the Southern Urals-The Assessment of Development Potential -- 3 Results -- 4 Discussion. Regional Features of the Cluster -- 5 Conclusion -- References.

Factors of Sustainable Architectural and Urban Development of Samara (Kuibyshev) in 1940s-1950s -- 1 Introduction -- 2 Methods -- 3

Results and Discussions -- 3.1 Volgostroy -- 3.2 Aviation Complex --

3.3 Residential Area "Bezmyanka" -- 3.4 Reserve Capital -- 3.5

"Second Baku" -- 3.6 The Urban Planning Structure by the End

of the 1950s -- 4 Conclusions -- References -- Historical Stages

of the Development of Types of Parking Garages Under the Influence

of Scientific and Technological Progress -- 1 Introduction -- 2 Methods

-- 3 Results -- 4 Discussion -- 5 Conclusions -- References --

Architecture of a College as a Form of Existence of the Material

Environment of Higher Education in Medieval Europe Modern Campuses

Formation Prerequisites -- 1 Introduction -- 2 Methods -- 3 Results

and Discussion -- 4 Conclusions -- References -- Culture

of Pedestrian Public Spaces -- 1 Introduction -- 2 Methods -- 3

Results -- 4 Discussion -- 4.1 A Spontaneous City -- 4.2 A City

for Cars -- 4.3 A City for People -- 5 Conclusion -- 5.1 Change

of the Urban Planning Paradigm in Relation to Pedestrian Spaces -- 5.2

Change of the City's Pedestrian Transport System from the End

of the 19th to the Beginning of the 21st Century -- 5.3 Change

of the Functional Scenario of the City from the End of the Nineteenth

Century to the Beginning of the 21st Century -- 5.4 Factors Influenced

the Change in the Urban Planning Paradigm -- References --

Legislative Regulation and Fundamentals of Architecture

and Construction in the First Half of the Nineteenth Century (Russian

Experience) -- 1 Introduction -- 2 Methods -- 3 Results

and Discussion -- 3.1 Building Charter -- 3.2 Sections of the Digest

of Laws that Complement the Building Charter -- 3.3 Nature

of the Architectural and Civil Engineering Processes in Saint Petersburg,

Based on the Building Charter -- 4 Conclusion -- References.

The Effectiveness of the EIA Procedure in Industrial Zone Development

in the City -- 1 Introduction -- 2 Materials and Methods -- 3 Results

and Discussions -- 4 Conclusions -- References -- Analysis of Urban

Ecology Framework in Urban Green Spaces and Infrastructure

Component -- 1 Introduction -- 2 Research Method -- 3 Results

and Discussion -- 4 Conclusions -- References -- Adaptation

of Industrial Territories -- 1 Introduction -- 2 Methods and Materials

-- 3 Results -- 3.1 Industries in Belgorod -- 3.2 Proposal

for Reorganization of the Industrial Territory of the Konprok Plant -- 4

Discussion -- 5 Conclusions -- References -- Modern Architectural

and Urban Planning Reintegration of Cultural Heritage Objects

in the Donbass Cities -- 1 Introduction -- 2 Literary Review -- 3

Materials and Methods -- 4 Results and Discussion -- 5 Conclusion --

References -- Abandoned Objects from Utopia to Reality Viability

Criteria -- 1 Introduction -- 2 Place and Time -- 3 Function and Time

-- 4 Construction and Time -- 5 Form and Time -- 6 Adaptation

of Cultural Heritage Objects for Modern Use -- 7 Historical and Cultural

Areals, Potential Spatial Frameworks -- 8 Architectural and Typological

Potential of the Structure -- 9 Criteria for Assessing the Viability

of Abandoned Objects -- 10 Integrity of the Man-Made and Natural --

11 Conclusion -- References -- Sensory Garden as a Perspective Type

of Space for Habilitation of Young Children -- 1 Introduction -- 2

Materials and Methods -- 3 Results and Discussion -- 3.1 Design Factors for Sensory Gardens for Children with Disabilities -- 3.2 Principles of Designing the Habilitation Environment of Sensory Gardens -- 3.3 Experimental Project of a Sensory Garden in the Moscow Region -- 4 Conclusion -- References -- Architectural Features of the Scientific Research Zones in the University Technical Laboratory Centers.

1 Introduction -- 2 Materials and Methods -- 3 Results -- 3.1 Systematization of the Main Laboratories Parameters -- 3.2 The Main Principles of the Internal Organization of Technical Centers -- 4 Discussion -- 4.1 Basic Types of Laboratories -- 4.2 Features of Testing Laboratories -- 4.3 Features of Research Laboratories -- 4.4 Features of Information Laboratories -- 4.5 Combination Types of Laboratories -- 5 Conclusions -- References -- Management of Integrated Territorial Development Based on the Ecosystem Approach to the Reproduction of Residential Real Estate -- 1 Introduction -- 2 Methods and Materials -- 3 Results and Discussions -- 4 Conclusion -- References -- The Inter-municipal Ecological Park Arrangement -- 1 Introduction -- 2 Methods and Materials -- 3 Results -- 4 Discussion -- 5 Conclusion -- References -- Theoretical Experience of Restoring the Wooden Temple of Our Lady of Kazan in the Village Pokrovka, Borsky District of the Samara Region -- 1 Introduction -- 2 Research Methods -- 3 Results of the Study -- 4 Conclusion -- References -- International Experience of Placing Buildings with Atrium Spaces in the Urban Structure -- 1 Introduction -- 2 Materials and Methods -- 3 Results -- 3.1 Features of Atrium Buildings Placement in the Urban Structure -- 3.2 Comprehensive Analysis of the Atrium Buildings -- 4 Discussion -- 5 Conclusion -- References -- Specificity of the Airport Adjacent Areas Urbanization in Russia -- 1 Introduction -- 1.1 The Research Relevance -- 1.2 The Research Goal -- 2 Materials and Methods -- 3 The History of the World Urbanization Process -- 3.1 The Urbanization Process in the Antique Period -- 3.2 The Process of Urbanization of Cities in the Early Middle Ages -- 3.3 The Urbanization Process of the Cities of the Classical Middle Ages -- 3.4 The Process of Urbanization of Cities in the New Age. 3.5 The Urbanization Process of Cities in the IXX-XX Centuries -- 4 Functional-Spatial Formation of Airport Adjacent Urbanized Formations -- 4.1 Peculiarities of the Formation of Airport Adjacent Areas -- 4.2 Functional and Planning Organization of Russian and Foreign "Air Cities" -- 4.3 Comparative Analysis of Rostov-am-Don, Frankfurt-am-Main and Memphis Airports -- 5 Conclusions -- References -- Rationale for the Boundaries of Historically Valuable Comprehensive Development of the Industrial Era -- 1 Introduction -- 2 Methods -- 3 Results -- 3.1 Historical Background -- 3.2 Defining the Boundaries of the Bezmyanka Historical Settlement -- 4 Discussion -- 5 Conclusion -- References -- Development of Complex Territories Building Considering the Elderly Needs -- 1 Introduction -- 2 Materials and Methods -- 3 Results and Discussions -- 4 Conclusion -- References -- Analysis of Sustainable Development Trends in Improving the Universities Architectural Environment -- 1 Introduction -- 2 Materials and Methods -- 3 Results -- 3.1 Key Aspects -- 3.2 Sustainable Development Strategies and Long-Term Action Plans -- 3.3 Infrastructure for Promoting Sustainable Development Science and Practice -- 4 Discussion -- 5 Conclusions -- References -- Problems of Optimization of Design Solutions of Residential Structures and Their Elements -- 1 Introduction -- 2 Materials and Methods -- 2.1 Accommodation Unit -- 2.2 Residential

Structure -- 3 Results and Discussion -- 4 Conclusion -- References --
Architectural Organization of Public Spaces in Coastal Areas -- 1
Introduction -- 2 Methods -- 3 Results -- 3.1 Functional Zoning -- 3.2
Typology of Spaces -- 3.3 Landscaping -- 3.4 Small Architectural
Forms -- 4 Discussion -- 4.1 Functional Zoning -- 4.2 Typology
of Spaces -- 4.3 Landscaping -- 4.4 Small Architectural Forms -- 5
Conclusion -- References.
Special Features and Development Prospects of Social Rental Housing
in Russia.
