

1. Record Nr.	UNINA9910568286603321
Autore	Maiocchi Marco Maria
Titolo	Emotional design and the healthcare environment // Marco Maria Maiocchi and Zhabiz Shafieyoun
Pubbl/distr/stampa	Cham, Switzerland : , : Springer, , [2022] ©2022
ISBN	3-030-99846-0
Descrizione fisica	1 online resource (154 pages)
Collana	Research for Development
Disciplina	725.5
Soggetti	Health facilities - Design and construction
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di contenuto	Intro -- Preface -- Causes and Effects in Medicine -- The Relevance of the Boundary Conditions -- References -- Contents -- 1 Emotional Design -- 1.1 An Evolutionary View of Design -- 1.2 Emotional System -- 1.3 Perceptual Stimuli -- 1.4 Perceptual Signals -- 1.5 Metaphors -- 1.6 Some Examples in Health Care Environments -- 1.6.1 Disguising a Nuclear Magnetic Resonance (NMR) Machine at Children Cancer Centre Pausilipon in Naples -- 1.6.2 A Reception Desk in a Health Care Environment -- 1.6.3 A Breast Radiology Department at Istituto Nazionale dei Tumori (INT) in Milan -- References -- 2 The Goals of Emotional Design for Improving Health Care Environments -- 2.1 History -- 2.2 Perception-Emotion-Behaviour-Environment -- 2.3 Information as a Stimulus -- 2.4 Patient Journey -- 2.4.1 The Arrival -- 2.4.2 Check-in and Waiting Rooms -- 2.4.3 The Visit -- 2.4.4 Patient's Results -- 2.4.5 Follow-up Visits -- 2.4.6 Re-admittance -- 2.5 Emotion -- 2.5.1 Emotional Design -- 2.5.2 Emotional Architecture -- References -- 3 A Model of a Health Care Organization and Environment, System Design and Interior Design -- 3.1 Towards a Model of a Health Care Environment -- 3.2 Action Areas -- 3.3 A Journey Through a Medical Experience -- 3.4 A Map of Emotional Design Actions -- References -- 4 Measuring Emotions: Kansei Engineering (KE) and Flow KE -- 4.1 Visceral, Behavioural and Reflective Emotion -- 4.2 Measuring Emotions -- 4.3 Kansei and Kansei Engineering -- 4.3.1 Design Waiting Area Using Kansei Engineering

Type I -- 4.3.2 Flow Kansei Engineering -- 4.3.3 Flow Test -- 4.3.4  
Painting as a Useful Distraction in Waiting Area -- 4.4 Measuring  
the Emotion of Patients During Their Journey in the Hospital --  
References -- 5 Experiences -- 5.1 Some Forewords -- 5.2  
Registration at Istituto Nazionale dei Tumori.  
5.3 The Department of Breast Radiology at the Istituto dei Tumori  
of Milan -- 5.4 Waiting Rooms and the Istituto Nazionale dei Tumori  
Experience -- 5.5 The Life in a Health Care Centre -- 5.5.1 The  
Environment -- 5.5.2 Activities -- 5.5.3 My Backpack-A Companion  
for Children -- 5.5.4 Gardens of Wellness -- 5.6 Final Remarks --  
References -- 6 Beyond Design -- 6.1 A Preliminary Note -- 6.2  
Experiences with Music -- 6.2.1 The Study -- 6.3 Experiences  
with Movies -- References -- 7 Driving a Health Care Environment  
Evolution Through Emotional Design: A General Model -- 7.1 Goals  
and Boundaries -- 7.1.1 Note -- 7.2 Measures -- 7.3 Which Measures?  
-- 7.4 How to Measure -- 7.4.1 The Seven Tools of Ishikawa -- 7.5  
Continuous Improvements -- References -- 8 A Future Scenario --  
References -- Index.
